The Good & Reese Co.
The Largest Rose Growers in the World
Springfield, Ohio

WINTER AND SPRING TRADE LIST, 1922
For Florists, Nurserymen and Dealers only.
Our Terms and Conditions of Sales

IMPORTANT NOTICE!

ALL SHIPMENTS F. O. B. SPRINGFIELD, OHIO—All goods are sold F. O. B. Springfield, Ohio. Every care will be given, however, to packing and delivery. Customers receiving shipments should keep in close touch with express offices and should investigate carefully whether or not goods have reached destination.

On small orders we recommend that you have goods shipped by parcel post as it would be quicker than by express. Fifty plants with soil removed will cost as follows. Remit amount with your order for postage and war tax as follows:

FIRST AND SECOND ZONE—Ohio. 15 cents.
THIRD ZONE—Indiana, Kentucky. 20 cents.
FIFTH ZONE—Alabama, Arkansas, Connecticut, Georgia, Iowa, Kansas, Louisiana, Maine, Massachusetts, Minnesota, Mississippi, New Hampshire, Oklahoma, Rhode Island, South Dakota, Vermont, Wisconsin. 35 cents.
SIXTH ZONE—Colorado, Nebraska, New Mexico, North Dakota, Texas. 40 cents.
EIGHTH ZONE—California, Oregon, Washington. 55 cents.

PACKING CHARGES

We will make a cost packing charge. To those who send cash, a remittance of 5 cents on the dollar will be the right amount to remit for packing charges. On charge orders cost prices of packing will be included in your invoice. There will be no deviation from this rule.

Conditions The plants named are offered at the prices quoted. We do not sell less than six of a kind of any plant at wholesale prices. Less than 25 are at the dozen rate, 25 and over 100 at the regular rate. At the thousand rate where thousand rates are quoted.

Terms Three per cent discount for cash with order. Two per cent discount on all invoices paid within ten days from date thereon, all bills thirty days net unless otherwise agreed upon.

Unknown Correspondents desiring to open an account will please furnish satisfactory reference (preferably bank reference), or parties in the floral trade with whom they may have credit relations, otherwise cash must accompany the order. Remember, it takes time to write your reference and get their reply.

C. O. D. Shipments must have one-fourth of the amount remitted with the order.

Remittances should be made by Bank Draft, Postoffice Money Order, Express Money Order or Registered Letter, payable to the Good & Reese Co. Remittances in any other way are entirely at the sender's risk.

Personal checks from correspondent must not be accepted.

In Filling Your Orders

We shall do our best to make every shipment satisfactory and profitable to you. In every case where we fail to do this from any cause, do not hesitate to report to us at once. We believe in liberal count, careful labelling and light, secure packing.

THE MANAGEMENT

Of our company is under the personal supervision of the Good Brothers, each of whom has been in the growing and shipping of Roses and plants his entire life.

FRANK E. GOOD,
In charge of Growing Department;
HARRY F. GOOD,
In charge of Shipping Department.

ADDRESS

THE GOOD & REESE COMPANY

The Largest Rose Growers in the World

Champion City Greenhouses,

SPRINGFIELD, OHIO

CERTIFICATE OF NURSERY INSPECTION

Department of Agriculture of Ohio.

COLUMBUS, OHIO, Aug. 4, 1921.

This is to certify that the nursery stock for sale by The Good & Reese Company, of Springfield, Clark County, State of Ohio, consisting of greenhouse stock, has been inspected by a duly authorized inspector, in compliance with Section 1124, General Code, and has been found apparently free from dangerously injurious insects and plant diseases.

This certificate, granted under the provisions of Section 1135, General Code, is invalid after September 15, 1922, and may be revoked earlier for cause.

C. E. Cotton, Chief of Bureau.

N. E. SHAW, Secretary of Agriculture.

Bureau of Horticulture.
G. & R. Summer Grown Winter Rusted, Own Root Roses

Very few persons even in the trade, realize to what mammoth proportions the own root Rose business has reached in the past few years. Our business has grown by leaps and bounds, and the end is not yet. It's easy to understand why. Because G. & R. own root Roses give satisfaction. They grow and bloom; they work year in and year out; they have permanency. Not so the budded Roses that are like "a flash in the pan" and gone. No wonder when the customers know about budded Roses they absolutely refuse to purchase and no one blames them. Give your customers the best, and the best are G. & R. own root Roses.

The Largest Rose Growers in the World

Although our stock of Roses for 1921 was several hundred thousand more than we ever grew, still we sold out early in the season and were compelled to turn down orders for three-quarters of a million Roses we could not supply.

One of our customers in Oregon says: "Several years ago we bought your Roses, then we made the attempt to grow them ourselves, then again we tried the California-grown Roses, but we are back with you and we are back to stay. No Roses do so well with us as the G. & R. Roses. We expect to plant more and more of these each year._"

This is why G. & R. Roses are finding a ready market everywhere they are tried.

Rose After-Satisfaction

When you buy G. & R. Roses you get along with them the after-satisfaction—that sense of realizing all the success that should come from planting quality Roses, the knowing that no better results are possible to be obtained outside of G. & R. Roses. It is the after-satisfaction that has compelled us to plan to grow for the coming season one million additional Roses. Think of it, the after-satisfaction of selling six million Roses, and demanding a million increase in one year. Going some! you say. Yes, but are you getting your share of this Rose after-satisfaction? If not, why not? Plant G. & R. quality Roses. None better, none so good.

N., Noisette; P., Polyantha or Baby Rambler; R., Ruggos and their Hybrids; S., Setigera; T., Tea Scented; W., Wichuraiana or Memorial and their Hybrids.

HYBRID TEA ROSES

New Varieties and a Few that are Scarce

This is a class of recent creation, embodying the delicate shades and peculiar fragrance possessed by the Tea Roses combined with the vigor and more pronounced pink and crimson shades of color previously confined to the Hybrid Perpetual class. In our opinion the Hybrid Teas will supersede all others because of their superior constitution and elegant free-flowering qualities. In a sentence, it may be said they combine all the better traits of the two classes from which they sprang, altogether a great advantage. Almost all are highly perfumed, an attribute absolutely essential to a perfect Rose. They are ever-bloomers and hardy in all but the most rigorous climate.

CHARLES K. DOUGLAS (H. T.) — Bud large, long pointed; flower large, full, double, sweet fragrance; color, intense flaming scarlet, flushed, bright velvety crimson; Foliage dark green; disease resistant; vigorous, upright grower; produces an abundance of blooms from June to October.

COLUMBIA (Hill, 1918) — It is a big Rose, the open flower measuring six inches across. The color is a true jink, about the shade of a perfect Shaywer, deepening as it opens to glowing-pink. A peculiarity of the variety is that the shades all become more intense until the full maturity of the open flower is reached and this color is enduring; a great Rose.

COL. OSWALD FITZGERALD — A brilliant Rose. Its blood-red velvety-crimson beautifully finished blooms are produced in great profusion on erect stems, branching, pure tea perfume. We have no hesitation in declaring this variety as excellent. Named in remembrance of Colonel Oswald Fitzgerald—a lover of roses—who perished with his chief, Lord Kitchener.

CRUSADER (Montgomery, 1920) — A big, strong growing variety, robust and rugged in every characteristic; the growth is heavy and the flower stems strong and heavy. It is free flowering, and the blooms are big and double, and in color a rich velvety crimson. A free flowering red Rose that is a wonder.

CRIMSON QUEEN — Strong, upright grower, flowers large and full. Color a rich bright velvety crimson. A grand garden Rose, as it is always in bloom.

EDEL (H. T.) —Type, Florence Forrester; bud very large; flower very large, double, well built, state-ly opens well in all weather; sweet fragrance. Color, white, with the faintest ivory shading toward base, passing to pure white. Foliage bold and distinct. Very vigorous grower; free bloomer.

FLORENCE FORRESTER (McGredy, 1914) — Clear snow-white with a lemon tinge; as the flowers age they become a pure white. Foliage bold and distinct. Very vigorous grower; free bloomer.

FOR PRICES SEE PAGES 13, 14.
HYBRID TEA ROSES—Continued

FRANCIS KEY (Cook, 1914)—An American seedling, raised by John Cook. It is a heavy, double Rose of great substance. In color, red. It shows good growing characteristics and is undoubtedly one of the best of this type. Throughout the summer this Rose was unequalled as a cut Rose and it is proving equally good in mid-winter to be an excellent grower, opening perfectly and worthy of serious consideration.

FRANK W. DUNLAP (Dunlap, 1920)—Did you see it at the International Flower Show at New York the past spring? Its record at the exhibition was: Winning silver medal for the best new pink Rose and gold medal sweeps for the best bedding in the show. Frank W. Dunlap was the finest flower in the exhibition. Claimed to be better than Mrs. Charles Russell.

GLOIRE DES BELGES (Chambard, 1916)—Growth vigorous and free, flowering continuously until late in the season. Buds oval, long and rounded resembling a giant form of carnation color. Petals unguiculate, cream and cochineal. Fine for massing and a fine cut flower.

GOLDEN OPHelia (H. T.)—This is a sturdily, stiff-stemmed grower, with beautiful foliage, quite close set and glossy. The flower is of medium size from a beautifully formed bud of bright golden yellow. Profuse bloomer.

GOLDEN SPRAY (Hugh Dickson, 1918)—Unique in habit and growth, it varies from airy long and airy shoots which form a great loose elegant spray, every bud of which opens up in succession. The buds are very long, of deep Maroehil Niel yellow, opening to a large crape of clear lemon-yellow. Awarded a gold medal, National Rose Society of England.

GORGEOUS (Hugh Dickson, 1915)—Flowers large and full, exquisitely formed and produced in endless profusion. Deep orange-yellow and heavily veined with reddish-copper, the most charming and gorgeous coloring which has yet been introduced. The most striking Rose in existence. Gold medal, N. R. S.

HADLEY (Montgomery Co., 1914)—Hadley is a development from a line of seedlings raised by Alex. Montgomery, Jr., the varieties used in this development being Liberty, General McArthur and Richmond. The result is a double of deep crimson color, retaining its brilliancy at all seasons of the year. The variety is double and buds are well formed. The fragrance is excelled only by American Beauty. A new Rose, the flowers borne on long, stiff stems. It has proven itself under thorough trial to be an all-the-year-round forcing variety.

HENRIETTA—One of the finest in existence for bedding, garden and cut-flower purposes; blooms early, long-stemmed; buds long and pointed. Color fiery orange-crimson, changing to soft coral-salmon. Very hardy. Free in habit.

HOOSIER BEAUTY (Dorner, 1915)—We use description of E. G. Hill Co.: “If you need a more profitable red Rose than the one you are growing, 'Hoosier Beauty' is your variety. It is as fragrant as Richmond; has more petals, a stiffer stem, a texture like velvet. In color, glowing crimson-scarlet, with darker shadings. The bud is of good length, ships well in the close-cast stem, and opens into a magnificent bloom, quite dazzling in velvety brilliancy. We believe this Rose will make its mark as a garden variety.

KILLARNEY BRILLIANT—(Alex. Dickson, 1914)—The introducers are to be congratulated sixteen years after the advent of Killarney in giving us this rich, beautiful variety, which is undoubtedly the best of the Killarney type. Killarney Brilliant has the same habit of growth and the same free-dom of bloom as its parent, while the flower is more double. The color is a very brilliant pink and varies like Killarney. In the garden in bright weather it will be pink, and in dull weather almost crimson. Extra.

LEGION (H. T.)—Bud, well shaped globular; flower, large full, lathe. This Rose is an American variety; foliage, large, glossy reddish green. Originally named American Legion, but name changed because objected to by association of that name.

LOS ANGELES (Howard and Smith, 1917)—Originators' description: "Los Angeles is, by all odds, one of the finest of all the Roses. Its growth is very vigorous; and produces a continuous succession of long-stemmed flowers of a luminous flaming tone, relieved by a touch of tender yellow with translucent gold at the base of the petals. In richness of fragrance it equals in intensity the finest Maroehil Niel. The buds are long and pointed and expand into a flower of mammoth proportions, while the beauty of form and ever increasing wealth of color is maintained from the incipient bud until the last petal drops."

MADAME COLLETTE MARTINET (Pernet Ducher, 1916)—A vigorous grower of coppery-orange color. The color is bright, pure, and a good red, well which can be said of few yellow sorts. It is a nice grower, fine in bloom, and those wanting a yellow different from ‘Ward’ or ‘Sunburst’ should try this one.

MADAME MARCEL DELANNEY (Leenders, 1916)—A lovely but not very大家grower with vivid orange color. The introducers of the popular Rose Jonkheer J. L. Mock, and honored with the award of the Gold Medal of the Magalate Gardens at Paris, 1915. It is an erect and perfectly healthy, a perfect bloom, and a good rose with an abundance of flowers. Throughout the season it is an eye-catching variety and produced with freedom and a very good garden Rose. Gold medal, N. R. S.

MRS. CHARLES BELL (Piersen, 1918)—This new Rose will appeal to those who grow Roses out of doors. It may be described as a shell-pink Radiance, and is a sport of that well known Rose. It has all the characteristics which make it distinct from Radiance except that it is shell-pink. Mrs. Cha. Bell, Red Radiance and Radiance offer a range of color that will be welcome, and there are no finer garden Roses for America than these three.

MRS. BRYCE ALLAN (Alex. Dickson, 1916)—Strong Rose perfume. Color carmine-rose. Flowers globular in form, very erect stems, deep green foliage.

MRS. CURNOCK SAWDAY (H. T.)—A vigorous grower, with bright green foliage. The well shaped blooms carried erect on long stems, are sweetly scented. The color is a pleasing shade of the blend-blush-pink, a good garden Rose in commerce.

MRS. HENRY MORSE (H. T.)—Bud very large, long pointed, flower very large, high center, double, fragrant, color flesh-cream ground with a sheen of bright rose, deeply impregnated and washed vermilion with clear vermilion veining on petals; very vigorous grower, bearing an abundance of bloom.

FOR PRICES SEE PAGES 13, 14.
HYBRID TEA ROSES—Concluded

MRS. HENRY WINNETT (Dunlap, 1918)—This is a seedling raised by John H. Dunlap, of Canada, and has the distinction of being the first seedling Rose of Canadian origin that has been offered in commerce. In color it is a bright shade of crimson, not so dark as Hadley, and not so light as Richmond. It is a color that pleases the retail trade and holds our market. It is the finest of all red or crimson varieties. Buds are long and well formed. A superb red Rose.

MRS. MACKELLAR (Alex. Dickson, 1915)—The glorious blooms make this an imposing Rose. A deep citron or delicate pure canary color. As the large blooms gracefully expand the guard petals charmingly reflex and become pearly primrose-white of great decorative beauty. Award of merit (unanimous), R. H. S., London.

MRS. S. K. RINDE—This is undoubtedly the finest yellow Rose we have. While it is in some stages of development, as well as in growth, resembles Golden Emblem, it is a stronger grower, and its rich, chrome-yellow flowers, as they mature, become suffused with salmon-pink.

NATIONAL EMBLEM (McGredy, 1915)—Dark crimson of perfect shape, habit and inflorescence; as a bedding, cushioning and cutting Rose it is unique. Buds long and pointed, opening to large, full, handsome flowers of great beauty, flowering freely and continuously.

PREMIER (Hill, 1919)—Already too well known to need description. A magnificent novelty in the class with Russell. Deep rose; fragrant, thornless; free.

PILGRIM (Montgomery, 1920)—In color a beautiful shade of bright rose-pink. The bud, which opens perfectly, is long and of ideal form. Pilgrim is a Rose of good substance and petalage, and at any stage of development is perfect in color and form of flower. Its pronounced tea fragrance will attract all Rose lovers. It is prolific and highly productive of first quality blooms. The stems are straight and strong, and there is no tendency to weaken at the neck. It takes water freely, and this quality makes it a good Rose for the store man, as it will keep when cut and retains its color and fragrance. It is the pink Rose to grow.

ROSE MARIE (Dorner, 1918)—This is a grand Rose of the very highest merit. A rich red that has come to stay. Might best be described as a bright watermelon-red; very desirable.

TIPPERARY (McGredy, 1917)—In color stands between Lady Hillingdon and Melody, showing an attractive shade of soft golden-yellow in the bud and half opened, and a soft rosy-red as it matures. Its freedom of flowering and its habit of growth will make it one of the most desirable Roses of its color.

W. P. BACON (Alex. Dickson, 1916)—Medium size, with pointed buds, with naturally reflexed guard petals of brilliant velvety vermillion, tipped scarlet. Stems rigid, habit branching, large oval beddng-grean foliage. Rich tea fragrance; very rich in color.

HYBRID TEA ROSES, Standard Varieties

ANTOINE RIVOIRE (Pernet Ducher, 1896)—Called by the trade Mrs. Taft. Rosy-flesh on yellow ground. Forces.

BEAUTY OF STAPLEFORD (Bennett, 1889)—Rosy-crimson.

BESSIE BROWN (Alex. Dickson, 1899)—Creamy-white flowers; sweetly scented.

CHRISSE MACKELLAR (Alex. Dickson, 1913)—Crimson-carmine with shades of orange-pink.

COLONEL R. S. WILLIAMSON (Alex. Dickson, 1907)—Color satiny-white with deep bluish center; blooms large.

COUNTESS OF GOSFORD (McGredy, 1906)—Color, salmon-pink shading to rose and pink, suffused with saffron-yellow.

DEAN HOLE (Alex. Dickson, 1904)—An Intense salmon-pink with bud of extraordinary length. An English gold medal Rose.

DOUBLE WHITE KILLARNEY (Budlong, 1912)—A pure white sort from White Killarney. A great forcing Rose.

DUCHESS OF ALBANY (W. Paul, 1888)—A deep-colored La France; flowers large and globular; a first-class Rose.

DUCHESS OF WELLINGTON (Alex. Dickson, 1909)—Intense saffron-yellow, stained with rich crimson.

ECARLATE (Boyard, 1897)—Ecarlate is without question the finest red bedding Rose to date, and the longer you put off making its acquaintance the more you will miss.

EDWARD MAWLEY (McGredy & Son, 1911)—We have no hesitancy in saying that it is the finest of all dark Roses.

ETOILE DE FRANCE (Pernet Ducher, 1905)—Color a lovely shade of clear, red-crimson velvet; very fragrant.

FLORENCE PEMBERTON (Alex. Dickson, 1903)—Creamy-white, suffused pink; large, full, perfect in form.

F. R. PATZER (Alex. Dickson, 1909)—The color is creamy-buff, back of petals delicate warm pink.

GENERAL McARTHUR (Hill, 1905)—The shape is fine; color brilliant scarlet.

GEN. SUPERIOR ARNOLD JANSSSEN (Leenders, 1912)—Deep growing carmine, carried erect on stiff robust stems. Very free.

HELEN GOULD or BALDWIN (Lambert, 1898)—This is a grand Rose of the very highest merit for the garden; bright watermelon-red; very free grower and bloomer.

JONKHEER J. J. MOC (Leenders, 1910)—The blooms are of largest size, highly perfumed. Color clear imperial-pink. Awarded two gold medals.

KAISERIN AUGUSTA VICTORIA (Lambert & Reiter, 1891)—Pure white, with shadings of primrose-yellow.

KILLARNEY (Alex. Dickson, 1895)—The finest pink forcing Rose ever introduced. In coloring it is especially beautiful. Very desirable.

LA DETROIT (Hopp, 1905)—Shell-pink, shading to soft rose. A beauty.

LADY ASHITOWN (Alex. Dickson, 1905)—Deep rose, shading to silvery-pink, with touches of yellow at base of the petals.

LADY BATTERSEA (W. Paul, 1901)—The buds are full and pointed and of a beautiful cherry-crimson, permeated with an orange shade.

FOR PRICES SEE PAGES 13, 14.
HYBRID TEA ROSES, Standard Varieties—Concluded

LADY URSULA (Alex. Dickson, 1908)—Color a most beautiful shade of flesh-pink, of great substance and good form.

LA TOSCA (Schwartz, 1900)—Soft pink, tinted with rosy-white and yellow; large and full; very free flowering.

LAURENT CARLE (Pernet Ducher, 1907)—Color brilliant velvety carmine. A very promising variety; another Rose it will certainly pay you to try. We know it has a future.

MABEL DREW (Alex. Dickson, 1911)—The color is deep, crimson; first opening, passing to intense canary-yellow.

MADAME ABEL CHATENAY (Pernet Ducher, 1895)—Carmine-rose, shaded salmon; long pointed bud. Awarded gold medal. Crystal Palace.

MADAME JULES GROLEZ (Guillot, 1857)—Clear deep rose, shaded yellow at base; long pointed bud.

MADAME JULES GROLEZ (Pernet Ducher, 1890)—Clear bright satiny-pink; flowers very large and extremely showy.

MADAME JENNY GILLEMOT (Pernet Ducher, 1905)—Deep saffron-yellow, opening canary, with dark golden shadings.

MADAME JULES GROLEZ (Guillot, 1857)—Clear deep rose, shaded yellow at base; long pointed bud.

MADAME PAUL EULER (Guillot, 1898)—Out in California and the Pacific Coast this Rose is so well thought of that it has been rechristened “The California Rose” with this rich velvety shade of vermilion-pink, changing to silvery-pink.

MADEMOISELLE HELENE CAMBIER (Pernet Ducher, 1893)—Grand flower, opens orange-yellow, changing to yellow.

METERE (Geschwindt, 1887)—Dark velvety crimson, shaded maroon. A grand garden Rose.

MISS CYNTHIA FORD (Hugh Dickson, 1909)—In color it is a deep, brilliant, rose-pink, very large, perfectly formed.

MISS EVELYN FORD (Pernet Ducher, 1907)—Copper-orange in the open bud, golden-orange when partly developed, pinkish-fawn of lovely shade when fully opened, when it looks like a full, fluffy, soft silk roseette. Copper effect of the white flower is Indian-yellow. No wonder everybody who sees it falls in love with it.

MRS. ARTHUR ROBERT WADDELL (Pernet Ducher, 1908)—Rose-scarlet buds opening reddish-dish-salmon, reverse of petals rosy-scarlet; semi-double flowers. A good decorative variety.

MY MARYLAND (Cook, 1909)—Color, growing intense; which lightens up beautifully as the flower expands.

MRS. CHARLES RUSSELL (Montgomery, 1912)—No other forcing Rose except “American Beauty” can compete with it when it comes to counting points.

Stems three feet long, stiff and surmounted by great clusters of bloom of largest size and build.

OPHELIA (W. Paul, 1912)—Salmon-flesh shaded with rose, large, and of perfect shape; of excellent habit, the flowers standing up well on long, stiff stems and produced a great profusion. Excellent for forcing and as a decorative variety. Growth vigorous. Certainly a glorious Rose. Be sure to have “Ophelia” fixed in your memory.

PHILIP von GODESBERG (Schneider, 1902)—The Yellow Kaiserin. A pure white with yellow center.

PRESIDENT TAFT (McCullough, 1908)—It is without question the most remarkable of all pink Roses. It has a shining, intense, deep pink color possessed by no other Rose.

RADIANCE (Cook, 1909)—A brilliant rosy-carmine, displaying beautiful rich and opaline-pink tints from the open flower.

RHEA REID (Hill, 1910)—Flower large and double; rich dark velvety red; a good red garden Rose.

RICHMOND (Hill, 1905)—Pure rich scarlet; very free and continuous flowering; splendid forcer.

SOUVENIR DE PRESIDENT CARNOT (Pernet Ducher, 1895)—Delicate flesh shaded to white; extra fine Rose.

SUNBURST (Pernet Ducher, 1912)—This magnificent giant yellow Rose is a fine forcer; it stands head and shoulders above all others of its color, and with pink tints it becomes a wonderful combination. Shadings and hues in value and grandeur. The color is orange-copper or golden-orange and golden-yellow; edge of petals lighter; all intense shades, extremely brilliant in effect. Some call the color cadmium-yellow. It is the yellowest of all Roses in the everblooming class.

VISCOUNTESS FOLKESTONE (Bennett, 1898)—There is no Rose of any class that beats this superb variety. The color is a white suffused with fawn. A most wonderful Rose.

WATERLILY (Waban Co., 1905)—The color is a beautiful shade of pink, the outside of the petals being very bright in color, with silvery reverse.

WHITE KILLARNEY (Waban Rose, Co., 1909)—Two choices of it during the winter give the appearance of a bank of snow. It is pure white in color, long in bud, of fine form.

WHITE LA FRANCE, or AUGUSTINE GUINoise (Guinolmecq, 1900)—Roses of an extremely showy and profuse type to 10 ft. tall, with yellow flower, almost white; rightly described as an almost white La France. Extra fine.

WINNIE DAVIS (Nanz, 1902)—A most beautiful Rose. Apricot-pink with tints of the Aurora series. Superbly made.

YVONNE VACHEROT (Soupert & Notting, 1905)—Color porcelain-white, strongly marked with pure pink; long pointed buds. Awarded the gold medal at Liege.

TEA-SCENTED ROSES

New Varieties and a Few that are Scarcely

The original blush Tea Scented Rose. A variation of the China Rose; was imported from China in 1810. In combination with the Yellow China, or Tea Rose introduced in 1824, it has been the origin of all the splendid varieties we now possess. Tea Roses are distinguished from others by the delightful fragrance of the flowers and by the delicate shades of yellow, nankeen, salmon, copper, or the Hybride Perpetuals. They bloom in great profusion during the entire summer and autumn, being especially fine during the autumn months. These are ever-bloomers; half hardy.

LADY PLYMOUTH (Alex. Dickson, 1914)—A most distinctive and meritorious Rose of the “Souvenir de Paul Nodet” type. A velvety salmon with deep ivory-cream petals are very finely flushed, giving it a most piquant finish that is difficult to describe. A superior summer bloom. Awarded medal. Crystal Palace, London.

MADAME BUTTERFLY (Hill, 1920)—This is Hill’s glorified sport of Ophelia seen and admired by hundreds of florists the past spring. All the color tones of Ophelia are intensified making it a harmony of bright pink, apricot and gold. Ophelia ranked at the top in popularity and Madame Butterfly will surpass it. It averages more petals to the bloom, it produces more bloom to the plant, has thicker stems and branches, every one carrying a bud. The light buds are a lovely shade of Indian red, yellow at the base. They are unique for framers and for low table decorations. The opening flowers are perfect in form and texture, clear and brilliant in color and of delicious fragrance.

MRS. CAMPBELL HALL (Alex. Dickson, 1914)—Delicate creamy-buff, edged or suffused rosy-carmine. The center of the bloom is warm cerise central fawn. Deliciously fragrant. Awarded gold medal. N. R. S.

FOR PRICES SEE PAGES 13, 14.
TEA-SCENTED ROSES, Standard Varieties

ALEXANDER HILL GRAY (Alex. Dickson, 1911)—Its color is a solid deep yellow throughout. Gold medal, N. R. S.

BLUMENSCHMIDT (Schmidt, 1907)—Pure citron-yellow; outer petals edged tender rose. Winner of three first premiums.

BON SILENE (Hardy, 1835)—Color crimson-rose with sheen of silver. This is one of the old forcing Roses that has come into favor again.

BRIDESMAID (Moore, 1893)—A grand pink Rose for all purposes; not only a good garden Rose, but forces well.

CATHERINE MERMET (Guillot, 1869)—Light rosy-flesh color; large, full and globular; a charming sort.

CORNELIA COOK (Cook, 1855)—An old Rose that has many admirers; fine in bud and open flower; pure white.

DEVONIENSIS (Foster, 1838)—Creamy-white with blush center; called the Magnolia Rose.

DUCHESS DE BRABANT (Beneda, 1857)—Light rose, shading to salmon; very free. A good grower.

ETOILE DE LYON (Guillot, 1851)—Bright sulphur-yellow; fine form, large size; a fine yellow Rose.

GENERAL TARTAS (Bermuda)—An old Rose, but one that has many admirers; color deep rich rose.

GOLDEN GATE (Dingee & Conard, 1892)—Rich creamy-white, with center and base of petals soft yellow.

Helen Good.

HELEN GOOD (Good & Reese, 1906)—The color is a delicate yellow, suffused with pink, each petal edged deeper; very chaste and beautiful. The color, with its immense size and exquisite form, makes it without question the greatest Tea Rose ever introduced, and we are proud to have brought it out. A genuine Cochet.

ISABELLA SPRUNT—Flowers freely during the winter; flowers of the richest yellow color.

LADY HILLINGDON (Lowe & Shawyer, 1910)—Pointed buds of pliant deep golden-yellow. Awarded gold medal, N. R. S.

LADY ROBERTS—A fine golden-yellow Rose.

MADAME CONSTANT SOUPERT (Soupert & Notting, 1906)—Deep yellow, shaded peach; large, full, well formed.

MADAME DE VATRY (Guerin, 1855)—Rich red, changing to silvery-peach; a fine garden Rose.

MADAME LOMBARD (Lacharme, 1878)—Bright deep rose, variable in color; large, fine form, good habit; free bloomer.

MADEMOISELLE FRANZISCA KRUGER (Nabonnand, 1850)—Variable; sometimes deep golden-yellow with copper shades; then again yellow flushed rosy-pink.

MADISON (Brandt Hentz, 1912)—A splendid pure white forcing Rose. Remember that “Madison” is a money-maker.

MAMAN COCHET (Cochet, 1893)—This is the famous Pink Cochet. Light pink shaded with salmon-yellow, outer petals splashed with bright rose; extremely large and full.

MARIE GUILLOT (Guillot, 1874)—Pure white, with large buds and open flowers that are as perfect as a Camellia bloom.

MADAME VAN HOUTTE (Ducher, 1871)—Canary-yellow, deeper center, the border of the petals tipped with bright rose.

MRS. BENJAMIN R. CANT (Benj. Cant, 1901)—Color deep rose; inner petals soft silvery-rose suffused with buff at the base.

MRS. GEORGE SHAWYER (Lowe & Shawyer, 1911)—The color is bright peach-pink, and is carried on the rose and four foot stems.

PAPA GONTIER (Nabonnand, 1838)—Rosy-crimson; fine long bud, most attractive; forces.

PERLE DES JARDINS (Levet, 1874)—Deep straw-yellow, sometimes deep golden-yellow; large bud.

SAPRANO (Pauregourd, 1878)—Bright apricot color; free blooming; hardy for a Tea.

SYNOWFLAKE, or MARIE LAMBERT (Lambert, 1886)—Medium size, pure white; free; fine bedder.

SOMBREUIL (Moreau, 1850)—Very strong, vigorous grower, flowers large, full, color white, shaded delicate salmon.

SOUVENIR DE PIERRE NOTTING (Soupert & Notting, 1901)—Color apricot-yellow, blended with coppery-yellow; long bud, opening to large, full flower. Gold medal, N. R. S.

THE BRIDE (May, 1885)—Pure white, tinged with pink when planted in the garden; large, full and most perfect form.

THE QUEEN (Dingee, 1890)—A white sport from Souv. d’Un Ami; large and fine.

WHITE BOUGERÉ—An elegant pure white Rose.

WHITE MAMAN COCHET (Cook, 1897)—A sport from Maman Cochet, with creamy-white flowers faintly tinged with blush.

WILLIAM R. SMITH (Shellum, 1905)—The soft blending of the salmon-pinks and the rose-pinks and the beautiful hints in this Rose give it a singular resemblance to the entrancing flush on a maiden’s cheek.

BOURBON ROSES, Standard Varieties

A semi-double rose-colored variety; was imported from Mauritius to France in 1819 by M. Jacques. Attempts were made to improve this pretty but imperfect Rose, and a number of very beautiful varieties have been originated. They are more hardy than the Tea Scented Roses. The color, with its immense size and exquisite form, makes it without question the greatest Tea Rose ever introduced, and we are proud to have brought it out. A genuine Cochet.

EMPERESS EUGENIE (Plantier, 1855)—(Bourbon.) This magnificent Rose stands head and shoulders above all other sorts of its color. By all means try this for a garden Rose. A grand garden Rose. Solid color, of bright pink; very double, full and sweet.

EUGENE E. MARLITT (Geschwindt, 1900)—This Rose is sailing under the name of “Madame Eugene Marlitt.” It is a grand garden Rose, none better; being exceptionally healthy, vigorous and free-blooming. The flowers are large; very double; of a rich bright carmine with scarlet tones which do not fade in the hottest weather. It is quite hardy and fragrant.

SOUVENIR DE LA MALMAISON (Beluze, 1843)—White-yellow, shaded flesh; large and very double; sweetly scented. Especially good.

WHITE MALMAISON (Crow Prince Victoria)—White, tinted with lemon; resembles the old Souv. d’Un Ami, but this is a very distinct sport color. It is a Rose that stands up well to the head of the procession.

FOR PRICES SEE PAGES 13, 14.
CHINA ROSES, Standard Varieties

Named by some Bengal Roses; natives of China. Introduced into our gardens in 1729. They are of luxuriant growth, and are so constantly in flower during summer and autumn, and give so little trouble. These Roses are so fine for bedding and massing for color effect that they ought to be cultivated in preference to many annuals. They are harder than the Tea Roses.

ARCHDUKE CHARLES (Laffay) — Opens red, changing to silvery-pink.

BURBANK BLOOMER (Burbank, 1890)—Color cherry-rose; by many highly prized as a fine bedder, as it blooms very freely.

CHAMPION OF THE WORLD (Woodhouse, 1894)—Clear bright pink, always in bloom. Much larger flower than Hermosa.

GRUSS AN TEPLITZ (Geschwindt, 1895)—Bright crimson, white, Berry-red center; cup-shaped; semi-double; flowers in clusters; so free in bloom as to present a blaze of scarlet.

HERMOSA (Marcheseau, 1890)—Pleasing shade of bright pink; fine both for pot and garden culture.

LOUIS PHILIPPE (Laffay) — Old standby. Velvety crimson. Abundant bloomer.

TENDER CLIMBING ROSES, Newer Varieties

These Roses are suitable for planting in the Southern States and on the Pacific Coast. All have beautiful flowers.

CLIMBING ETOILE DE FRANCE (Howard Rose Co., 1914)—(C. H. T.) This Rose is identical in every respect with Etoile de France, save that it is a rampant climber, making it one of the very best Climbing roses.

CLIMBING LADY ASHTOWN—This is a wonderful Rose in many ways, producing not only an immense crop of its very large soft rose-colored flowers in June, but continuing to bloom almost without intermission until the end of the season. A Royal Rose; cannot be too highly recommended.

CLIMBING MAMAN COCHET—No Rose we grow is so popular as Maman Cochet, or so hardy. It is an exact counterpart of that popular variety, except that it is a vigorous climber. All will welcome this new Rose.

TENDER CLIMBING ROSES, Standard Varieties

Including the Noisettes, Climbing Teas and Climbing Hybrid Teas, Etc.

CLIMBING CLOTHILDE SOUPERT (Dingee, 1902)—(C. H. P.) Identical with Clothilde Soupert except as a vigorous climber.

CLIMBING DEVONIENSIS (Pavil, 1858)—(C. T.) Creamy-white, bluish center; full, fine form; distinctive, large!

CLIMBING GRUSS AN TEPLITZ (Storrs & Harrison, 1911)—(C. C.) An exact counterpart of the bush form of that superb Rose, Gruss an Teplitz, except that it is a vigorous climber, perfect sheet of dazzling crimson when in bloom.

CLIMBING HELEN GOULD (Good & Reese, 1912)—(C. H. T.) Probably no red Rose has held its place secure in the hearts of Rose lovers for so long a period as has the beautiful Helen Gould. We have never the pleasure of introducing this famous Rose to our readers. Everyone familiar with the warm watermelon-red color of its charming flowers. This is a grand climber. Be sure and try it.

CLIMBING JULIET AUGUSTA VICTORIA (Dingee, 1890)—(C. H. T.) A strong climbing form of the variety of the same name. Pure white.

CLIMBING KILLARNEY (Geo. Reinharg, 1905)—(C. H. T.) An exact counterpart of Killarney in every respect except that it is of vigorous climbing habit; deep shell-pink.

CLIMBING MADEMOISELLE CECILE BRUNNER (Duchet, 1896)—Crimson; Albas unknown. (C. H. P.) Rosy-pink on a rich creamy-white ground; a beauty. This is the strongest-growing Rose offered in this catalogue, barring none.

CLIMBING MARIE GUILLOT (Good & Reese, 1897)—(C. T.) A grand pure white Rose of great merit.

CLIMBING MÈTÉOR (Origin unknown)—(C. H. T.) A rampant climber; color velvety maroon; very free bloomer.

CLIMBING OPHÉLIA (H. T.)—The exact counterpart of Ophélia except it is a vigorous climber, and one for the garden lovers of Kentucky, for outdoor planting.

CLIMBING PAPA GONTIER (Cherrier, 1904)—(C. T.) A very popular form of Papa Gontier. Color rich red; a beauty.

CLIMBING WHITE MAMAN COCHET (Needle, 1911)—(C. T.) Here we have a climbing form that will become as popular a climber as its parent

FOR PRICES SEE PAGES 13, 14.
POLYANTHA OR BABY RAMBLER ROSES

Standard Varieties, Including Hybrid Polyanthas. They are Hardy.

A class of miniature Roses derived from the Climbing Polyantha. They are of dwarf habit and bloom so freely as to cover the entire plant with bloom all through the summer and fall. The plants are splendid for bedding, or as edgings for borders they are hardy. Let us tell you something about these miniature Roses. While Europe has appreciated them, we wake up to the fact that they have come to stay, and anyone who attempts to handle Roses without including this class will bump into something real hard. They are useful, either pot grown or for bedding purposes or for hedge effects. Completely hide the plant with bloom from early till late.

ANNA MULLER (Schmidt, 1907)—This Rose is very much the same as the Crimson Baby Rambler, except in the colors of its flowers, which are a shiny, brilliant pink.

BABY RAMBLER, or MADAME N. LEVAVASSEUR

(Levasseur, 1903)—This is the original Baby Rambler, daddy of them all. In bloom all the time. Flowers in large clusters of brightest crimson.

BABY TAUSENDSCHOEN (Welter, 1911)—Its flowers are large and so much like “Tausendschoen” A bush form of “Climbing Tausendschoen” or “Thousand Beauties,” having all the charms in the variable coloring in its flowers that its parent has.

CATHERINE ZEIMET, or WHITE BABY RAMBLER

(Lambert, 1901)—Grows to a height of twenty inches and produces double pure white flowers in abundance.

CLOTILDE SOUPERT (Soupert & Notting, 1890)—(H. Poly.) Known the world over as one of the very best of all bedding Roses. The only rival of “Hermosa” as a bedder and market pot plant. The color effect is beautiful ivory-white, shaded with pink in the center to bright silver-pink. Everyone’s Rose.

ELLEN POULSON (Poulson, 1912)—Dark brilliant pink, large, full, sweetly scented. Most Boriferous.

EUGENIA TESCHENDORFF (Teschendorff, 1911)—The flowers are of a deep crimson color, flushed with carmine, resembling the dazzling color of “Gruss an Teplitz.” It is much sought after in America to bloom in pots during winter and for Easter time.

JESSIE (Merryweather, 1909)—The flowers, which are produced in huge clusters, are of a bright cherry-crimson color which does not fade.

LE PONSEAU (Hemery-Aubert, 1910)—Dark red, blooms in large clusters. A choice variety.

MADMOISELLE CECILE BRUNNER (Ducher, 1880)—(H. Poly.) This is the popular Baby Pink or “Sweetheart” Rose. In the past year or two this Rose has fairly jumped into popularity. It has become quite the rage. It makes a handsome miniature Rose, coming in sprays of three to five buds. Color blush, shaded light salmon-pink; distinct and desirable.

MRS. WILLIAM H. CUTBUSH (Levasseur, 1907)—It produces in constant profusion throughout the entire summer its pleasing delicate pink blooms in large clusters.

ORLEANS (Levasseur, 1910)—Showiest and prettiest of all Baby Ramblers. This charming and dainty Rose is of beautiful rounded habit and is a huge bouquet of deep cerise or Geranium-pink, with distinct showy center of pure white; florets not crowded, but of beautiful arrangement, and color the best to be found. It grows like a weed and flowers are nearly “immortelle” in their lasting qualities. We believe that they will outlast almost any Rose in existence with their stiff paper-like texture. This pretty Rose has taken Europe by storm and has made a sensation. Awarded gold medal.

PERLE d’OR (Debreuil, 1883)—Nankleen-yellow with orange center; novel and beautiful. This Rose is dividing honors with “Mme. Cecile Brunner” as a cut flower, being planted largely for this purpose.

POLYANTHA OR BABY RAMBLER ROSES, Newer Varieties

BABY DOROTHY—This is a glorious Rose. Flowers resemble the Dorothy Perkins. Completely hides the plant with its bloom.

BABY ECHO—A greatly improved Tausendschoen; about the same color, but with more substance.

EDITH CAVELL—Bright crimson; white eye; very beautiful.

ETOILE LUISANTE OR BABY HERriott—Just picture to yourself, the Fairy or Sweetheart Rose (“Cecile Brunner”), colored up like the Daily Mail Rose (“Mme. Edouard Herriott”), only brighter and more brilliant than when that variety is at its best, and you will have some conception of the beauty of this little gem which on account of the similarity in color has been known among the cut flower trade as Baby Herriot. Its color is a shrimp-pink with intense coppery-yellow suffusion, the base of the petals golden-yellow which intensifies and lightens up its high colors. Plant is of free growth and floriferous. We are certain that Baby Herriot will please everyone.

GRUSS AN AUCHEN (Geduldig, 1909)—Yellowish-rose colored with salmon-pink and red shadings; full, strong, free blooming and disease proof; erect and of moderate growth. Owing to the size and beauty of its flowers and its symmetrical form this variety is highly recommended for low, bright masses.

POLYANTHA OR BABY RAMBLER ROSES, Concluded

GEORGE ELGER (Turbat & Co., 1913)—A lovely little golden-yellow Polyantha Rose, with a good admixture of crimson in the class. Free growth, free in bloom with small glossy foliage produced in profusion. The dainty little pointed yellow buds open into pretty little symmetrical double flowers. A very popular class; variety; it is grown in quantity now for this purpose.

HYBRID PERPETUAL ROSES—Newer Varieties

The first Hybrid Perpetuals were grown from crosses between Hybrid China and Tea Scented Roses with Gallica and Bourbon Roses. This is a beautiful class and can neither be too highly recommended, including, as it does, many of the hardiest early and late flowering and nearly all of the superfine rich crimson, red and pink varieties which the hybrid hybrid teas are derived from.

GEORGE AHERNDS, or PINK AMERICAN BEAUTY (Hinner, 1910)—This is the wonderful "Pink American Beauty" Rose. This Rose we predict will have as large a following and be as largely planted in a very few years as the now famous "White American Beauty". We have looked it over and found it to be perfect in every way. We had it on the market, and we absolutely cannot detect a single fault in it or about it. The growth and make-up of this plant is perfect and the delicacy of the color is unapproachable. Thank you, Mr. Hinner. You have enriched our Rose collection for all time. You should not have delayed so long in getting acquainted with "White American Beauty." Do not repeat this mistake with the Aheurds Rose.

GEORGE DICKSON (Alex. Dickson, 1912)—As near as we can describe it, the color is a velvety black-crimson, the back of the petal being heavily veined with deep pure crimson-maron. We have regularly had blooms of the highest exhibition standard quite five in number across. It has wonderful lasting qualities, not only as to the retention of its color, but also in its shape and freshness. Awarded the gold medal of the National Rose Society, England, and also the silver medal at various shows at England and Ireland.

HYBRID PERPETUAL ROSES—Standard Varieties

AMERICAN BEAUTY (Leducheaux, 1875)—The well known "American Beauty." Color, white, base of petals canary; Tea Rose perfume.

ANNA DE DIESBACH (Larcharme, 1859)—The famous "Glory of Paris." Bright, deep clear pink, the largest single fine bud.

BLACK PRINCE (V. Paul, 1882)—Deep blackish-crimson; large, full and globular; very free flowering.

BOULE DE NEIGE, or BALL OF SNOW (Larcharme, 1867)—Pure white, flushed rose. Very floriferous.

CAPTAIN CHRISTY (Larchame, 1873)—Delicate pinkish-pink, center richer in color; large and full.

Clio (W. Paul, 1894)—Flesh color, shaded in the center of velvety-mauve. Large, fine, globular form; free bloomer.

CONRAD FERDINAND MEYER (Freobell, 1900)—This Rose has Rugosa blood in its make-up and is classed by some as a true Rugosa. It is very large, perfectly double, cup-shaped. Color deep, bright, vivid, intense pink, with the penetrating fragrance of the old June Roses. We have grown this Rose for years, in sections of the country from Canada to the Gulf, and we have no hesitation in saying that the purest, the highest and last test that a Rose can be put to that this Rose is in every respect just what we claim for it.

DUCHESS OF YORK (Bennett, 1895)—Brilliant carmine, large and full; one of the very best Hybrids we have ever seen.

ELIZABETH DURST (Soubret, 1876)—Color deep red shaded crimson. Profuse bloomer. A most charming and superly grand Rose.

FRANCOIS LEVEZ (Levet, 1889)—Deep rose, of very free blooming, extra fine.

FRAU KARL DRUSCHKI, or WHITE AMERICAN BEAUTY (Lambert, 1900)—This grand Rose has been raised from the finest type of the class and the best snow-white Rose ever introduced. It is an extraordinarily strong grower, and has the vigor and hardiness of one of the old magnificent flowers are nothing less than glorious —inmense in size and produced with great freedom. "Dakota" is a magnificent white, with tinges of yellow or any other shade. A true paper-white, the standard by which all white Roses are judged. A most beautiful "American Beauty" lit- tered by hundreds of thousands.

GENERAL JACQUEMINOT (Roussel, 1853)—Crimson-scarlet; large, full. Very fragrant. Excellent.

THE SWEETHEART (Lambert, 1915)—This delightful little "Sweetheart" Rose is a wonder. The color is absolutely new, and quite startling in its brilliancy, golden-yellow tipped with clear, bright crimson. The flowers are perfectly level; the pointed, a deep glossy green—a very beautiful setting for the lovely little doll-roses, a bench rose. "The Baby Doll" being an even parterre of deli-

ROSES—Standard Varieties

GLOIRE LYONNAISE (Guillot, 1885)—Very large, red rose. Color white, base of petals canary; Tea Rose perfume.

HIS MAJESTY (McGredy, 1908)—The crimson Frau Karl Druschkil. Deep, dark crimson, shaded deep vermillion; quite large and globular, and has a delicious perfume. Awarded gold medal, N. R. S., 1908.

HUGH DICKSON (Hugh Dickson, 1904)—Color brilliant crimson shaded scarlet; large and fine form, opening well in all weathers. Very sweetly scented.

J. B. CLARK (Hugh Dickson, 1905)—The color is unique among Roses, being deep scarlet shaded deep vermillion; with rich bee-like honey-sweet. Flowers are large and beautifully formed. Awarded the gold medal, N. R. S.

JUBILEE (Henderson, 1898)—A pure crimson, with shadings of maroon; a grand Rose from every point of view.

MADAME CHARLES WOOD (E. Verdiér, 1861)—Bright cherry-red; extremely free bloomer; a grand garden Rose. This is the same Rose as Dinsmore.

MADAME MASSON (Masson, 1856)—This is a glorious Rose. The flower is of the largest size. Color bright, brilliant red.

MADAME PLANTIER (Plantier, 1905)—Extremely beautiful, complete; this Rose by itself is June's Romance. It has its lovely pure white, sweet scented flowers; fine.

MAGNA CHARTA (W. Paul, 1876)—Bright rose, very large and double, good form and fragrant; extra.

MARSHALL P. WILDER (Ellwanger, 1884)—A great many persons will not give up the contention that this is the ne plus ultra in red Roses. Very rich glowing red.

MRS. JOHN LAING (Bennett, 1887)—Color clear bright, shining pink; exquisitely shaded. Awarded gold medal, N. R. S.

PAUL NEYRON (Levet, 1869)—Deep rose; flowers of immense size; indeed many claim this to be the largest Rose grown.

PHILIPPE CAR DEL R. ROHAN (E. Verdiér, 1861)—Deep velvety crimson-maron, full and of good form and perhaps the best of all the hardy dark reds.

ULRICH BRUNNER (Levet, 1881)—Cherry-red; of immense size, fine form and most effective in the garden.

FOR PRICES SEE PAGES 13, 14.
HARDY CLIMBING ROSES, Newer Varieties
and a few that are scarce, including the Ramblers, Cl. Polyanthas, Wichuraiana, Multifloras, Hybrid Noisettes, Setigera and Climbing Chinas.

These Roses are suitable for planting where they can climb on walls, fences, galleries, porches, piliars, pergolas, arches, etc.; in fact, wherever a hardy climber is required. This list includes the Ramblers, Climbing Polyanthas, Wichuraianas, etc.

ALIDA LOVETT—Both buds and flowers are large; are of ideal form, are held on stiff stems a foot and a half to two feet long and the color is a lively bright shell-pink with shadings of rich sulphur at the base of petals—a combination that is both novel and beautiful. The flowers are of remarkable substance and long lived, whether cut or left to remain upon the plant, and are pleasantly perfumed. It is very much brighter than those of the justly popular Dr. Van Fleet Rose.

AMERICAN PILLAR (Conard, 1909)—(C. P.) A single flowering variety of great beauty, which appeals to everyone. The flowers are of enormous size, three to four inches across, of a lovely shade of apple-blossom pink, with a clear white eye and clusters of yellow stamens. These flowers are borne in immense bunches, and a large plant in full bloom is a sight not easily forgotten. They last in perfection a long time, and are followed by brilliant red hips or berries, which are carried late into the winter; and as the plant frequently retains its lovely green foliage until the end of November, it forms a beautiful decorative subject throughout the autumn. A great Rose to grow in pots for Easter.

BESS LOVETT—Resembles Climbing American Beauty in shape of bloom, but is very much brighter in color and much more fragrant. The flowers are clear, bright red, of good size, and of double, full, cupped form, lasting a long time in good condition. Beautiful in bud and bloom and the most fragrant of the Climbing Roses. A vigorous grower and free bloomer. The large glossy foliage, like that of Silver Moon, greatly enhances the beauty of the flowers.

CLIMBING AMERICAN BEAUTY (Hoopes Brothers & Thomas, 1911)—(H. N.) A seedling from American Beauty with Wichuraiana and Tea blood in its veins. The introducers say of it: “Same color, size and fragrance as American Beauty, with the addition of the climbing habit. Good foliage and better blooming qualities. One plant of this new Rose will produce twenty times as many flowers in June as the old American Beauty, besides blooming occasionally during the summer. Blooms three to four inches across, has proved perfectly hardy and stands heat and drought as well as any Rose in our collection.” This Rose has already made its mark, and wherever it has been planted it has pleased, until today we sell it by the tens of thousands. You lose if you are slow to take hold of the “Climbing American Beauty.” It grows and blooms.

CHRISTINE WRIGHT (Hoopes Bros. & Thomas, 1913)—(W.) A most exquisite new Rose, a cross between Caroline Testout and an unnamed seedling; it is of strong climbing habit, with large, heavy, dark green foliage, which is immune to disease. The flowers are double, from three and one-half to four inches in diameter, borne singly and in clusters, of perfect form, beautiful in the bud and in the fully expanded flower; in color a most refreshing bright wild-rose pink; it flowers profusely during June, and continues more or less throughout the season.

GOLDFINCH—This is the yellow-flowering Tausendschoen. All know the good qualities of that superb variety. Well, this is a yellow form, and is attracting much attention and many favorable comments.

PAUL’S SCARLET CLIMBER (W. Paul & Son, 1917) (W.) Vivid scarlet, shaded crimson, makes a brilliant display for a long period of time in the garden. A wonderful new climbing Rose. Received the gold medal and cup for the best new climber at the National Rose Society’s exhibit.

PINK TAUSENDSCHOEN (Rosarie)—This is a bright pink form of Tausendschoen. A grand Rose from any angle.

SHOWER OF GOLD (Paul & Son, 1910)—(W.) The color is a deep golden-yellow, with orange shadings in the center. This fills the “long felt want” for a “Yellow Rambler.”

SILVER MOON (Henderson, 1910)—(W.) Flowers very large, four and one-half inches and over in diameter. Pure white in color; petals of great substance, beautifully cupped, forming a clamatis-like flower. The large bunch of yellow stamens in the center adds to its attractiveness.
HARDY CLIMBING ROSES, Standard Varieties

**AVIATEUR BLERIOT** (Fauque, 1910)—Saffron-yellow, center golden-yellow; full and double, flowering in clusters.

**BALTIMORE BELLE** (Feast, 1843)—(S.) Blush white; large, clusters. A splendid hardy climber. An old favorite.

**CLIMBING BABY RAMBLER**, or **MISS G. MESSMAN** (Messman, 1911)—(C.P.) Everyone knows how Baby Rambler is always in bloom. This is simply a climbing form of Baby Rambler, embodying all its good qualities.

**CRIMSON RAMBLER** (Turner, 1859)—(C.P.) Bright crimson flowers produced in large clusters of pyramidal form; grand variety for pillars and arches and to train over porches; also makes a fine trained screen. Awarded gold medal, N. R. S. A Rose for the masses.

**DR. W. VAN FLEET** (Henderson, 1910)—(W.) Flowers when open run four inches and over in diameter. The center is built high, petals beautifully undulated and cupped. The color is a richly marked delicate shade of flesh pink on the outer surface, deepening to rosy-flesh in the center.

**LADY GAY** (Wales, 1902)—(W.) Flowers of a deep cherry pink, shading on the edge of the petals to a very delicate soft tone of pink.

**MADAME ALFRED CARRIERE** (Schwartz, 1879)—(H. N.) Pure white, suffused with yellow at base of petals; very free and very fragrant; fine for arches and pillars. In Oregon it grows to the roofs of two-story houses, covering the entire side or end of a large sized house, and simply a mass of continuity of blooms.

**MARY WASHINGTON** (Origin unknown)—(Mft.) Pure white, perfectly double, in immense clusters; fine.

**PAUL’S CARMINE PILLAR**—Very early. The flowers are large and very showy, of a rich carmine with white eye.

**PHILADELPHIA RAMBLER** (Conard, 1902)—(C.P.) Glowing crimson; large clusters; fine.

**PRAIRIE QUEEN** (Feast, 1843)—(S.) The old standby red climber. It is so hardy that it delights in the climate of Alaska and Canada.

**RED DOROTHY PERKINS**, or **EXCELSIA** (Wales, 1909)—(W.) It is a good deal to claim for a Rose, but we are within bounds when we describe Excelsia as a brilliant Crimson Rambler flower on glossy, varnished Wichurana foliage. The flowers of Crimson Rambler are its unsightly foliage in unseasonable weather, and its detonation by insects; the infusion of Wichurana blood assures an ornamental climber which is nearly evergreen, and this will assure this lovely crimson-scarlet pillar Rose a place in every American garden, for it is quite hardy in addition to all its other fine points. The flowers are very double, produced in large clusters of thirty to forty, and almost every eye on a shoot produces clusters of flowers. The color is intense crimson-maroon, the tips of the petals tinged with scarlet. The finest of all Crimson Ramblers.

**DOROTHEA PERKINS** (Perkins, 1902)—(W.) A most beautiful deep pink; the flowers are borne in large clusters of small double blooms and are very sweetly scented; quite first class. Another Rose for the masses.

**EXCELSIA**—See Red Dorothy Perkins.

**EMPERESS OF CHINA** (Jackson, 1896)—(C. C.) Bright pink; in large clusters.

**FLOWER OF FAIRFIELD** (Ludorff, 1908)—(C. P.) A counterpart of Crimson Rambler in every respect, except that it shows ever-blooming tendencies; many new growths being terminated with a large cluster of flowers.

**FORTUNE’S DOUBLE YELLOW, or BEAUTY OF GIANT-WAY** (Rowe, 1911)—(H. N.) Yellow, flaked with carmine. This is a great Rose in California, where it is seen at its best, although suitable for general planting.

**GARDENIA** (Soupert & Notting, 1900)—(W.) Bright yellow, cream color when open; very fragrant and fine; early flowering. This is the hardy Maiden Niel; not too showy but a good climber. It is brilliant, ruby-carmine, with a clear white eye and a mass of golden stamens.

**TAUSENSCHOEN, or THOUSAND BEAUTIES** (Schwartz, 1910)—(C. P.) If the flowers upon first opening are the most delicate shade of pink ever seen in a Rose, might be described as a white, delicately flushed pink, changing to rosy-carmine. It gets its name from its many flowers and the variation in coloring; will become as famous as Crimson Rambler and Dorothy Perkins.

**VEILCHENBLAU, THE BLUE ROSE** (Schmidt, 1909)—(C. P.) This is a much better Rose than some give it credit for. It opens a reddish-violaceous, quickly changing to violet-blue.

**WHITE DOROTHY PERKINS** (B. R. Cant, 1919)—(W.) It has been the cry of nurserymen for years for a white climber that would rank up with Crimson Rambler. One name not often of offering this White Dorothy Perkins, that in every way is the equal, if not superior, to Crimson Rambler as a Red, and Dorothy Perkins as a Pink. This Rose has no rival as a white climber.

**YELLOW RAMBLER, or AGLAIA** (Lambert, 1896)—(C. P.) Bright yellow changing to canary-yellow produced in pyramidal clusters of fifty or more blooms.

**MOSS ROSES**

These are probably a sport of the Cabbage Rose. They have always been favorites, for what can be more elegant and more delicious than its fragrance. Perfectly hardy.

**HELLENE** (Rowe, 1886)—This is an old favorite with its large deep pink buds well mossaed. A beauty.

**HENRI MARTIN** (Portner, 1863)—Large, full flower of deep red; well mossaed; fragrant.

MISCELLANEOUS ROSES

Under this heading are listed all the Roses not embraced in the different families or types that we name in the preceding pages.

AMOENA, The Pink Flowering Cherokee Rose (Hockbridge, 1908)—(L.) The flowers are the same as the White Flowering Cherokee, except that the color is a glowing pink with a golden-yellow center. Resembles huge apple blossoms.

ARTHUR R. GOODWIN (Pernet Ducher, 1899)—(A. B.) This is a genuine “Pernetiana,” and is perfectly hardy everywhere. The color is coppery orange-red, passing to lathick pink as the flowers expand. A superb combination of color.

LAEVIGATA, The Single White Cherokee Rose (Lindley, 1829)—(L.) This is the famous Cherokee Rose so well known in California. Large, pure white flowers with center filled with golden-yellow anthers.

MADAME EDWARD HERRIOT (Pernet Ducher) (A. B.) “The Daily Mail Rose.” Winner of the gold cup which was offered by the London Daily Mail for the best new Rose exhibited at the International Horticultural Exhibition, held in London, England, May, 1912, and to be known as the Daily Mail Rose. In competition with the world’s greatest rosarians this much coveted prize was awarded to M. Pernet Ducher for this wonderful new Rose. M. Pernet Ducher describes its color as follows: “Buds coral-red, shaded with yellow at the base, the open flowers of medium size, semi-double, of a superb coral-red, shaded with yellow and bright rosy-scarlet, passing to shrimp-red. A wonderful Rose. The bud is long, slender and pointed. Its color is like sunshine on a copper-red metal.”

NEW CENTURY (Conard, 1891)—(R.) A grand Rose this is entirely hardy, bearing beautiful silvery-pink flowers in clusters. This Rose is in bloom all the time.

SIR THOMAS LIPTON (Conard, 1905)—(R.) The best pure white Rugosa Rose. Strong and vigorous; grows four feet high. Flowers perfectly double, pure snow-white. Fragrant.

WHITE BANKSIA, or Lady Banks (Keer, 1897)—(L. B.) A vigorous grower, in California growing to the top of tall trees and completely enveloping the entire tree; small double, pure white flowers in clusters, with true violet fragrance. Indispensable. If one were blindfolded, he could not detect the odor from Violets. Very desirable.

VICHURAIANA, or MEMORIAL ROSE (Dr. Wichura, of Japan, 1886)—(W.) It is difficult to conceive anything more appropriate, beautiful and enduring for covering graves and plots in cemeteries than the Hardy Memorial Rose. It creeps along the ground as closely as an Ivy. The flowers are produced in lavish profusion in July. They are single, pure white, with a golden-yellow disc, five to six inches in circumference. It is also immensely valuable as a Climbing Rose, covering arches, fences, etc.

YELLOW BANKSIA, or LADY BANKS (Damer, 1827)—(L. B.) Same as White Banksia, except color of bloom is sulphur-yellow. Has the same delicious Violet fragrance.

We Are Headquarters for GLADIOLI

Good & Reese Co.'s Gladioli are fast becoming famous, and justly so, as there are no better bulbs grown than we offer. Florists will find our bulbs big and fat—just the kind to produce plenty of flowers.

**Force Gladioli**

Make every inch in your greenhouse count. There is no better way than to plant a Gladiolus bulb in each vacant spot in your benches. They will do well between the Carnations. Plant early between "jumbles"; they will be at a nice height when the crop is over. There is always some waste space in every greenhouse that can be made profitable by forcing Gladiolus. Varieties that force are marked with an asterisk (*).

**Sizes of Gladioli**

Supply will run up into the millions better order early if you are in the market.

**AMERICA**—More of this fine Gladiolus are forced for winter flowers than any other variety. Color soft lavender-pink, tinted flesh-pink. More flowers are open at one time on the symmetrical spike of this Gladiolus than on any other we know. The standard commercial pink. Our bulbs of America are thick and fat—just the kind to produce lots of fine flowers. Price, No. 1, hundred, $3.00; thousand, $25.00. No. 2, hundred, $2.00; thousand, $18.00.

**AMERICAN BEAUTY** (Dienner)—Brilliant American Beauty color with creamy-yellow throat. One spike opening a large number of flowers at one time forms an immense bouquet of great beauty. Flowers six to seven inches in diameter. Spikes four to five feet high. No. 1, doz., $10.00; hundred, $75.00.

**APOLLO**—A remarkably strong, open flower of a deep amethyst color, slightly suffused rose. Beautiful for bedding, as it holds its bloom well, with nearly all flowers open at one time. Price, $1.25 per dozen; $20.00 per 100.

**APOLLO**—A very large, wide-open flower. Color a deep Begonia-rose, almost scarlet, with delicate white markings in the throat. New and fine. No. 1, hundred, $5.00; thousand, $40.00. No. 2, hundred, $4.00; thousand, $30.00.

**AUGUSTA**—Opens delicate pink, changing to pure white. If cut just as the first bud begins to open and kept inside it opens pure white with blue anthers. Largely used by florists for cut flowers. No. 1, hundred, $4.00; thousand, $35.00. No. 2, hundred, $3.50; thousand, $30.00.

**AUTUMN QUEEN**—Creamy-yellow, upper petals suffused with peach blossom pink; lower petals striped carmine-red. No. 1, $12.00 per hundred; $100.00 per thousand. No. 2, hundred, $8.00; thousand, $45.00.

**BERTREX, the Beautiful**—Lustrous white with pencil stripes of lilac in throat. Stands right at the top of all existing white varieties. Flowers of great substance and of the size and form of America. Increases rapidly, takes up water well, and a good shipper. Our customers give their unqualified endorsement. No. 1, doz., $1.00.

**BARON JOSEPH HULOT**—One of the finest deep violet-blue Gladioli with well opened flowers. No. 1, hundred, $6.00; thousand, $55.00. No. 2, hundred, $5.00; thousand, $45.00.

**BRENCHLEYEN**—Intense vermilion-scarlet; very brilliant. No. 1, hundred, $2.50; thousand, $20.00. No. 2, hundred, $2.00; thousand, $18.00.

**CATHERINA**—Wonderful grayish light blue, lower petal a little deeper blue with brownish-red spot. A very attractive variety. No. 1, each, 75 cents; dozen, $8.00.

**CHATEAU THIERRY**—Dark orange rose, with yellow spots; flowers very large. No. 1, dozen, $2.00; hundred, $16.00.

**CLEAR EYE** (New)—Tall, early, robust, strong grower; long spikes; broad dark green foliage; rich deep scarlet with a pronounced white center; broad flower of a fine form; very early. Certificated, London, 1917, Harlem, 1912. No. 1, hundred, $10.00.

**CHICAGO WHITE**—A fine white variety with lavender stripes and brown pelouses. From seven to eight flowers open at one time. No. 1, hundred, $3.50; thousand, $30.00. No. 2, hundred, $3.00; thousand, $25.00.

**COLUMBIA**—Light orange-scarlet, freely blotched with blush-purple; throat freely motiled. No. 1, hundred, $4.50; thousand, $35.00. No. 2, hundred, $4.00; thousand, $30.00.

**CRACKER JACK**—Large, flowers of rich velvety dark red, throat spotted with yellow and dark maroon. No. 1, hundred, $3.50; thousand, $30.00.

**CRIMSON GLOW**—Glorious, brilliant, satiny "Crimson Glow," a color that is fetching and pleasing to all. The wide open blooms are of largest size, well placed on long, graceful, showy, slender spikes which remain in bloom a long time, especially in cool of autumn. As a cut flower its keeping qualities are the best. Free flower. Gem in every way. No. 1, 50 each; dozen, $5.00.

**DOMINION** (or Red Emperor) —Regal is the only word which adequately describes this Gladiolus. A pure deep scarlet or blood-red; immense flowers of great substance, well placed upon a tall spike. Magnificent flower. No. 1, hundred, $10.00; thousand, $80.00. No. 2, hundred, $8.00; thousand, $75.

**DOROTHY MCKIBBEN**—A new ruffled pink; a pure apple blossom tint, very early, fine cut flower variety. No. 1, $1.50 per dozen; $24.50 hundred.

**ELECTRA**—Very large brilliant scarlet of a bright and pleasing brick-red with small light blotch, one of the earliest varieties. No. 1, hundred, $5.50; thousand, $50.00.
MARY PICKFORD—An extraordinary flower and spike of most delicate creamy white. Throat finest soft sulphur-yellow. Stem and calyx also white. No. 1, $30.00 hundred.*

*MASTER WIESTE—Large compact spike of dark violet shaded purple. No. 1, hundred, $3.00; thousand, $25.00. No. 2, hundred, $2.50; thousand, $20.

MAY—An old favorite. White, heavily striped and splashed pink. Fine for forcing. No. 1, hundred, $5.00; thousand, $45.00. No. 2, hundred, $4.00; thousand, $35.00.*

*MEADOWVALE—White with lilac throat, a very pretty white flowering Gladiolus. No. 1, hundred, $3.00; thousand, $25.00. No. 2, hundred, $2.50; thousand, $20.00.*

*MISS CHRISTINA TREUR—Sport of Halley. It has retained the earliness of this variety, but gives a soft rose-colored flower. Its advantage over Willbruck is that it has not those yellow stripings on the lower petals and is of one constant rose color. No. 1, each, $2.50.

MR. MARK—A new blue variety of recent date. Light blue with darker blotch in throat. Fine cut flower variety. No. 1, hundred, $9.00; thousand, $80.00.

EMPERESS OF INDIA—Dark, blackish-red, darkest of all Gladioli. Extremely rich. No. 1, hundred, $3.50; thousand, $35.00. No. 2, hundred, $4.00; thousand, $30.00.*

*EUROPA—White as the driven snow. Perfect form, with many pure white blooms open at once. Flowering is close and compact, making a magnificent spike of wide open flowers. Exquisite. No. 1, hundred, $8.50; thousand, $80.00. No. 2, hundred, $7.50; thousand, $70.00.

*EVELYN KIRTLAND—It is difficult to describe in words the beauty of this variety. The flowers of strong substance, are a beautiful shade of rose-pink, dark at edges, fading to shell-pink at center, with brilliant scarlet blotches on lower petals. Entire flower showing a startling contrast of colors. Spike giant in height, straight but slender. No. 1, dozen, $1.25; hundred, $10.00. No. 2, dozen, $1.00; hundred, $8.00.

FAUST—Wine-red, immense flower; extra. No. 1, hundred, $3.00; thousand, $25.00. No. 2, hundred, $2.50; thousand, $20.00.

*FLORA—Beautiful golden-yellow, large, pure flower. A glorious variety. No. 1, each, $1.00.*

*FREDRICA WIGMAN—Bright red with yellow throat. No. 1, hundred, $3.50; thousand, $25.00. No. 2, hundred, $3.00; thousand, $20.00.

GLORY—Beautiful ruffled variety. Opening buds are of a soft creamy tint, edged with pink, but as flowers expand their rich color changes to rich ivory-white suffused with pale lavendar, which is deeper on edges. Lower petals are buffish, with a pale crimson stripe through center; throat is penciled with buff and crimson. Spike is straight and strong. Flowers large and of graceful form; four to six out at one time. The variety that made K. de K. famous. No. 1, hundred, $10.00.*

*GLORY OF HOLLAND—A beautiful white with slight tinting of blush-pink and anthers of delicate lavendar; blooms large and gracefully set on a tall spike. No. 1, hundred, $4.50; thousand, $40.00. No. 2, hundred, $4.00; thousand, $35.00.*

GLORY OF KENNELERLAND—Beautiful deep rose-yellow blushing-flowers of an immense size when in full bloom. No. 1, hundred, $7.00; thousand, $65.00. No. 2, hundred, $8.00; thousand, $85.00.

GOLDEN MEASURE—A pure yellow large flowering Gladiolus equal in size and length of spike, substance and form to the best kinds, and in its rich, deep yellow color quite unique. A wonder. No. 1, each, $3.50.*
MRS. DR. NORTON — Very large and well open flowers well set on a tall and graceful spike, four to eight flowers in bloom at one time. Color, white, the streaks of soft Lavender pink. The three lower petals have a blotch of sulphur-yellow, stained at the base with fine specks of red. Very hardy and a very good grower and very free flowering. Highest awards wherever shown. No. 1, hundred, $5.00; thousand, $25.00. No. 2, hundred, $2.50; thousand, $20.00.

MRS. FRANK PENDETON—The new sensational beauty of winter and summer in one. The petals show beautiful bright rose-pink on a pure white ground, contrasting in a most striking way with the deep rich velvety blood-red blotch on the lower petals. As shown as an orchid. The most perfect and delicate coloring is produced with this spike. The blooms spread indoors as soon as the first blossoms open. No greater variety in existence. No. 1, hundred, $5.00; thousand, $25.00. No. 2, hundred, $2.50; thousand $20.00.

MRS. HENRY WARD BEECHER (Childs) — Beautiful deep rosy crimson, large well opened flowers, with pure white throat freely marked and spotted with crimson. Highest awards. No. 1, hundred, $5.50; thousand, $25.00.

MRS. VELTHYS—Very large, dark brilliant red, very large flowers. No. 1, hundred, $12.00.

MRS. W. E. FRYER — Large wide open bloom. Finest orange scarlet. Very showy. No. 1, hundred, $4.50; thousand, $40.00. No. 2, hundred, $4.00; thousand, $35.00.

MURIEL—The most delicate shaded grayish-blue with eight to ten very fine formed flowers open on a slender spike. A lot of comment at recent exhibitions. No. 1, hundred, $5.00; thousand, $45.00. No. 2, hundred, $4.00; thousand, $40.00.

MYRTLE—The most beautiful pink yet produced in a Gladiolus. Clearest dainty ruffled rose-pink, with bright clear white, its cool angelic beauty is most entrancing. Early flowering; in perfect alignment on straight spike. So thoroughly produced a most showy plant. Said to be the variety of "Wizard" Kundert's many exquisite productions. No. 1, hundred, $9.00; thousand, $80.00.

NIAGARA—A light Cocos or Primrose-yellow, slightly tinted with rose-pink in throat; large open flowers on a strong spike. For color, texture and keeping qualities this Gladiolus is one of the very best. No. 1, hundred, $4.00; thousand, $35.00. No. 2, hundred, $3.50; thousand, $30.00.

ORION—Light rose with dark yellow; a superb variety. No. 1, hundred, $4.50; thousand, $35.00. No. 2, hundred, $4.00; thousand, $35.00.

PANAMA—The companion to America, which has become very popular. A perfect Hermosa pink in color. Lovely ruffled edges. Exquisitely produced; one of the best of the clear pinks; many awards. No. 1, hundred, $4.50; thousand, $40.00. No. 2, hundred, $4.00; thousand, $35.00.

PEACE—Giant white flowers with lilac feathering in throat of two of the petals; flowers correctly proportioned. Very free flowering. Highest awards. No. 1, hundred, $4.00; thousand, $35.00 No. 2, hundred, $3.50; thousand, $5.00; thousand, $3.00.

PINK BEAUTY—Rosy-pink, dark blotch; ten days earlier than any other Gladiolus; invaluable for this reason as a cut flower. No. 1, hundred, $4.50; thousand, $40.00. No. 2, hundred, $4.00; thousand, $35.00.

PINK PERFECTION — Color a La France pink, the softness of coloring and magnificent texture of blooms make it one of the choicest of the new varieties; large open flowers on a strong spike. No. 1, hundred, $5.50; thousand, $50.00. No. 2, hundred, $4.50; thousand, $40.00.

PINK PROGRESSION — This is a sport of the Pink Beauty, but of a soft rose-pink color. No. 1, hundred, $5.00; thousand, $45.00. No. 2, hundred, $4.00; thousand, $35.00.

PRIDE OF GOSHEN—Bright salmon-pink. Flowers very large and well opened. Petals heavily ruffled. Plants unusual in size and appearance imposing. No. 1, hundred, $6.50; thousand, $60.00. No. 2, hundred, $0.00; thousand, $55.00.

PRINCE OF HILL—One of the best Gladiolus grown. No. 1, hundred, $8.50; thousand, $80.00. No. 2, hundred, $8.50; thousand, $75.00. No. 2, hundred, $7.50; thousand, $70.00.

PRINCES (Known as the Thousand-Dollar Gladiolus)—Large American-like flowers of a rich dark scarlet, with deep shadings in throat and magnificent large white blotches on lower petals. No. 1, hundred, $4.00; thousand, $35.00 No. 2, hundred, $3.50; thousand, $30.00.

PRINCIPINE—A beautiful red with large white blotches on lower petals. In throm at least $4 for 2500. Highest awards. No. 1, hundred, $4.00; thousand, $35.00. No. 2, hundred, $4.00; thousand, $35.00.

QUEEN OF WHITES—The famous Paris Parfait, a magnificent pure white flower, a magnificently beautiful variety. No. 1, hundred, $5.00; thousand, $45.00. No. 2, hundred, $4.50; thousand, $40.00.

QUEEN OF WILHELMINA—A charming variety. No. 1, hundred, $5.50; thousand, $50.00. No. 2, hundred, $5.00; thousand, $45.00.

REV. EWANK — The finest porcelain blue with a dark red blotch. No. 1, hundred, $50.00. No. 2, hundred, $45.00.

SCHWABEN—The strongest growing and largest flowers of all Gladioli. A vivid pale rose-pink, with a salmon throat, a delightful form of Gladiolus. No. 1, hundred, $8.50; thousand, $80.00. No. 2, hundred, $8.00; thousand, $75.00.

SULPHUR KING—Large, clear sulphur-yellow flowers. No. 1, dozen, $2.00; hundred, $15.00.

VICTORY—Dainty yellow with lower petals a dashing orange. No. 1, hundred, $3.00; thousand, $25.00. No. 2, hundred, $2.50; thousand, $20.00.

WAR—Deep blood-red, shaded crimson-black; very true to color and one of the finest of all Gladioli of this beautiful shade of red. Try it. No. 1, hundred, $4.00; thousand, $35.00. No. 2, hundred, $4.00; thousand, $35.00.

WHITE EXCELSIOR—A very fine large-flowered white of the "American" type; clear throat; many flowers open at one time. No. 1, hundred, $3.50; thousand, $30.00.

WILBRINK — Lovely flesh-pink with creamy blotch on lower petals; new and very beautiful. Said to be the earliest of all Gladioli. No. 1, hundred, $5.50; thousand, $50.00. No. 2, hundred, $5.00; thousand, $45.00.

WILLY WIGMAN (Blushing Bride) — Large wide-open flower, bloom blush tint with long bright red Tulip blotch on lower petal; spike of graceful habit. The effect of this bloom on the cream petal is most pleasing. No. 1, hundred, $5.00; thousand, $45.00. No. 2, hundred, $4.50; thousand, $40.00.

YELLOW HAMMER—Pure yellow; extra strong grower. Award of Merit, 1913. No. 1, hundred, $4.00; thousand, $30.00. No. 2, hundred, $3.50; thousand, $25.00.

YOWELL'S FAVORITE (Ruffled) — Giant ruffled flowers of very heavy texture on long stout spike. Color is very beautiful, an excellent variety. No. 1, hundred, $4.00; thousand, $35.00. No. 2, hundred, $2.50; thousand, $20.00. No. 2, hundred, $2.00; thousand, $15.00.

MIXTURE—We offer a good mixture made up from our choice Gladioli, 25 at hundred, and 250 for thousand.

PRICES

At prices quoted we supply six at dozen, 25 at hundred, and 250 for thousand.
BEAUTIFUL FERNS

Successful Fern growing always hinges on whether your Ferns are clean from the white fly. Our Ferns are absolutely clean. The other fellow's are sometimes not, which we know to our sorrow. Better get Good & Reese clean Ferns—always good, always grow.

New Fern, Nephrolepis Liberty

In the past we have sent out four Ferns that have all stood the test, viz., Roosevelt, Teddy Junior, Goodii, or Baby’s Breath, Splendida or Big Four. We now offer Liberty, feeling sure that it will become as famous as any of the quartet. Liberty has a cast of blue that submerges the green; the fronds are finely cut and the outstanding qualifications of this variety are the fact that each pinna is created or split, giving it a decided unique appearance. We feel sure this Fern will make a place for itself. Our claims for this Fern have been verified the past fall in the great number of repeat orders sent us after seeing it. It is the biggest make of them all. Two and one-quarter inch pots, doz., $1.00; hundred, $8.00.

Grand New Dwarf Fern, “Teddy Junior”

The Fern for Every Household

This is known to the trade as the greatest of all Nephrolepis. No Fern can equal it. See what a fine plant it makes. Two and one-quarter inch pots, 75c per dozen; $6.50 per hundred; $60.00 per thousand.

Nephrolepis John Wanamaker

“The Wanamaker Boston Fern”

A "sport" from Nephrolepis Scholzelli, with longer, narrower, gracefully drooping fronds. It is not so compact in growth as Scholzelli, and, therefore, does not decay in the center, and is a durable house Fern. It is a rapid grower, making an abundance of fronds, and is quite distinct from any other Nephrolepis. Two and one-quarter inch 75c per dozen; $6.50 per hundred; $60.00 per thousand.

Nephrolepis “Roosevelt”

The pinnae are beautifully undulated, giving the Roosevelt a pronounced wavy effect seen in no other Fern; as the plant ages this effect becomes quite distinct. Our sales of Roosevelt have exceeded two hundred and fifty thousand plants, a far greater number than was ever sold of a new Fern. Two and one-quarter inch pots, 75c per dozen; $6.00 per hundred; $55.00 per thousand.

Nephrolepis Splendida

The Big Four Fern

This is the most wonderful Fern of them all; it originated with G. & R., and is now offered for the first time. It combines the good qualities of the four most popular sorts. It has the grace of a “Boston,” the wavy effect of a “Roosevelt,” the fluffy effect of an “Ostrich Plume,” and the uniqueness of the “Fish Tail.” Two and one-quarter inch pots, 75c per dozen; $6.50 per hundred; $60.00 per thousand.
**BEAUTIFUL FERNS—Continued**

**Nephrolepis Whitmanii**  
The Ostrich Plume Fern

This is the well known fluffy leaved Fern; beautiful. **Two and one-quarter inch pots, 75 cents per dozen; $6.50 per hundred; $60.00 per thousand.**

**Nephrolepis Whitmanii Compacta**  
The Parlor Fern

This is a condensed form of the "Ostrich Plume Fern," with valuable characteristics added which are not evident in the parent—the pinnae subdividing, making miniature fronds which are superimposed on the main fronds, looking as if two or more were condensed in one. Graceful beyond description. **Two and one-quarter inch pots, 75 cents per dozen; $6.50 per hundred; $60.00 per thousand.**

**Nephrolepis Scholzeli**  
The Crested Fern

The fronds, like Scottii, stand erect, and with a graceful arch, forming a plant of ideal shape, and they never break down, giving the plant a ragged appearance, as is so often the case with other plumed forms; furthermore, the loose, elegant arrangement of the fronds, allowing a free circulation of air through the foliage, prevents the center of even the largest specimens from becoming defective or yellow. **Two and one-quarter inch pots, 75 cents per dozen; $6.50 per hundred; $60.00 per thousand.**

**Nephrolepis Bostoniensis**  
The Boston Fern

A variety that needs no description. By many called the Fountain Fern, on account when grown into large plants it droops gracefully. **Two and one-quarter inch pots, 75 cents per dozen; $6.50 per hundred; $60.00 per thousand.**

**Nephrolepis Exaltata**  
The Old Original Sword Fern

This is the "old original Sword Fern," the "daddy" of them all, the one plant from which all the Nephrolepis we offer sprang. It is entirely different from any of its progeny, having narrow fronds that are long and of very erect growth. For this reason it is more largely used as a centerpiece in vases than are any of its descendants. **Two and one-quarter inch pots, 75 cents per dozen; $6.50 per hundred; $60.00 per thousand.**
BEAUTIFUL FERNS—Concluded

Nephrolepis Scottii
The Newport Fern

It is a rapid grower, and to see it in all stages of growth from a runner in the bench to a fourteen-inch pot specimen will convince you that it will be in great demand as a house Fern. This has always been a favorite variety. Two and one-quarter inch pots, 75 cents per dozen; $6.50 per hundred; $60.00 per thousand.

Nephrolepis Elegantissima
The Philadelphia Lace Fern.

This is a greatly improved Elegantissima, not running back nearly so much as the old form. Dozen, 75 cents; hundred, $6.50; thousand, $60.00.

Nephrolepis Goodii
The Baby's Breath Fern

This has the finest foliage of all the Ferns. It is so delicate that a lady on seeing it exclaimed, "Call it the Baby's Breath Fern, as it is so dainty in texture that a baby's breath would set its fluffy foliage in motion." The fronds are very fine and filmy, on which account it has been called by some the Lace Fern. Nothing is daintier or more exquisite than well-grown specimens of any size. Our reputation for it that no Fern in existence can compare with Baby's Breath in fluffiness. Two and one-quarter inch pots, $1.25 per dozen; $5.00 per hundred.

DWARF FERNS FOR FERN DISHES

These Dwarf Ferns are used by the hundreds of thousands to fill dishes for table decorations. Our sales each year exceed fifty thousand plants. Our stock is in prime condition, ready to use at once. 75 cents per dozen; $5.00 per hundred; $45.00 per thousand.

Aspidium Tsussimense—The most valuable for Fern dishes; of strong, but dwarf and graceful habit, of good color and of the best keeping qualities. A clean, good grower and very ornamental.

Cyrtomium Falcatum, or Holly Fern—A beautiful and rapidly growing Fern that succeeds exceedingly well, small plants making fine specimens in a short time. Fronds resemble branches of holly, from which it takes its name.

Pteris Mayii—A variegated variety; low-growing and suitable for edging fern pans or dishes.

Pteris Wilsonii—The most beautiful and useful of all the crested sorts for pans or dishes.

Pteris Wimsetti—A beautiful low-growing Fern, suitable for table dishes.
DOUBLE FLOWERING GERANIUMS

Fall time is the time to buy Geraniums and pot up for early spring sales. Two and one-quarter inch pots, $1.00 per dozen; $6.00 per hundred; $55.00 per thousand.

ALPHONSE RICARD—A most beautiful shade of bright vermilion; large flowers and enormous trusses; a grand variety.

BEAUTE POITEVINE—Beautiful shade of shrimp-pink, gradually shading to white; a universal favorite.

COMTESSE DE HARCOURT—Beautiful florets and enormous trusses of pure white. Stands sun well.

HELEN MICHELL—(New.) The clearest possible shade of scarlet, borne on gigantic trusses.

JEAN OBERLE—A most beautiful peach-pink color, shading to hydrangea-pink. Superb.

JEAN VIAUD—This is the best large-flowering double pink Geranium in cultivation. The color is the richest deep pink, shading near the base of the petals to light pink, the base of the upper petals creamy-white.

LA FAVORITE—In this Geranium we believe we have the finest double white Geranium in cultivation. The flowers are borne in large trusses of the purest snow-white, retaining this pure whiteness even in the height of summer, and for winter blooming they are all that can be desired. Do not fail to add this charming variety to your collection.

MADAME BARNEY—Profuse bloomer; florets enormous size; color deep, pure pink. Perfect bedder.

MADAME Jaulin—A continual bloomer; color day-break-pink, shading to a delicate peach-pink; enormous trusses.

MADAME LANDRY—A distinct salmon-pink with a slight scarlet shading. Enormous trusses and florets borne on long stems.

Single-Flowering Geranium

Price, 75 cents per dozen; $5.50 per hundred.

ALICE LEMON—Pearl white; red eye. A charming pot variety.

Pansy Geranium, Mrs. Layal, A Wonderful Plant

This new and wonderful Pansy Geranium is of the easiest growth, dwarf in habit, and literally covered with flowers all the time; and as it requires little or no attention, it is invaluable as a window plant. The coloring and markings of the flowers are most extraordinary—light pink, white, dark purple, black, etc., almost rivaling the Pansy in uniqueness of flower. It is this combination of coloring which obtained for it the popular name of Pansy Geranium. Price, $1.50 per dozen; $12.00 per hundred.

Ivy-Leaved Geraniums

It has been our fortune to procure stock of this popular family of Geraniums. We have the following sorts:

JEANNE D'ARC—Fine lavender; fine for baskets and vases.

CHARLES TURNER—Best double pink.

GARDEN GLORY—Double bright scarlet.

CAESAR FRANK—Double terra cotta red.

COMTESSE DE GRAY—Light salmon.

Two and one-fourth inch pots, $1.00 per dozen; $8.00 per 100.
PELARGONIUMS—Lady Washington Geraniums

The grandest of all flowering plants; do not resemble the common Geraniums in any particular, neither in foliage nor flower; more beautiful in every way. We here offer six distinct sorts, every one entirely different in color and every one a beauty. The Lady Washington Geraniums are the handsomest of all flowers—once seen, never forgotten.

$1.50 per dozen; $10.00 per hundred.

The Easter Greeting or Ever-Blooming Set

EASTER GREETING—Planted out as a bedding plant it will bloom continually until late in the fall. It will prove the forerunner of a new race of ever-blooming kinds, as it rival the Orchids in beauty. This new species is the earliest of all Pelargoniums, with enormous florets and clusters, having light green foliage and of dwarf, robust growth. It blooms from March until fall. Florets fiery amaranth-red, with five large, regular shaped spots. The first and only kind to bloom as well bedded out as in pots, and to do so all summer.

GARDENER'S JOY—The ground color is apple-blossom pink, the two upper petals have blotches of carbon-brown, the florets are three and one-half inches in diameter and are joined to enormous clusters which rise above the beautiful foliage and remind one of a Rhododendron cluster. It is of a half dwarf nature and very sturdy. On account of its rapid, luxuriant growth it is a very profitable market variety.

GLORY—This splendid novelty is quite remontant, florets and cluster very large; ground color, Cattleya-blue, very much like the Cattleya Orchid. The upper petals contain two large purple magenta-red spots, distinctly veined. An exceedingly beautiful and entirely new color in Pelargoniums. This kind has a very robust growth.

LUCY BECKER—This grand novelty is a sport of Easter Greeting, and is like it in everything but color, which is a rosy-pink. It is, if anything, even more free in bloom.

LIBERTY—A glorious flower of salmon-red, with large velvety, sharply defined blotches bordered with scarlet. Has all the good qualities of Easter Greeting, its parent, having gigantic trusses. Equally valuable as a pot plant or for bedding out.

PRINCE—Immensely large flowers, strongly crimped, of fine shade, with from six to ten petals; color rich purple with velvety black blotches. Remarkably robust habit. The large clusters rise gracefully above the beautiful foliage. The blooming plant with its enormous flowers makes a striking impression.

THE NEW FRENCH HYDRANGEAS

Price, two and one-half inch pots, except where noted, $1.00 per dozen; $7.00 per 100; $60.00 per thousand.

AVALANCHE—A splendid large white, which has made a reputation for itself during the past two seasons. An easy variety to force.

BOUQUET ROSE—Large trusses of well-formed flowers, rosy-amber turning to bright pink; has proven a special favorite in the New York market.

E. G. HILL—This is the newest and one of the very best, and is by far the best pink that we have yet tried; trusses of immense size. Color a most pleasing shade of baby-pink and does not fade. Growth vigorous, foliage large and attractive. It is one of the easiest to force into bloom during the spring, coming into flower early.

GENERAL DE VIBRAY—A favorite wherever seen. Large heads of bright rose-colored flowers. A splendid early forcing variety.

LA FRANCE—Strong grower, immense trusses of deeply fringed flowers of a delicate shade of rose.

LA LORRAINE—Large flowers; pale rose, turning to bright pink; has become a general favorite during the past two years.

L'ISLETTE—Very free rosy carmine.

LILIE MOUILLERE—Similar to, but distinct from Éclaireur; a bright carmine-red.

MME. AUGUSTE NONIN—An unusually attractive pretty pale pink in heads of large size.

MME. E. MOUILLERE—This has been the favorite white variety in the New York market this year; free flowering of good size and form. Awarded silver medal at the National Flower Show at Boston last year. A great favorite with English growers, one London grower known to us handling over thirty thousand of this variety alone.

FRENCH HYDRANGEAS

MOUSSELINE (The Famous Blue Hydrangea)—With us a beautiful plumbago-blue. The introducer describes it as a beautiful mauve-rose with cream-colored center; flower heads are large and held erect; a decided acquisition.

PRES. FALLIERES—Very delicate rose.

RADIANT—Very deep carmine; one of the finest of Hydrangeas.

SOUVENIR DE MADAME E. CHAUTARD—One of the best of splendid erect habit; very robust. Fine sized heads of bright rose-colored flowers. One of the best of the bouquet type.

Older Variety Hydrangea

OTAKSA—The old standby. Two and a half inch pots, $1.00 per dozen; $7.00 per hundred.

The Newer French HYDRANGEAS

BABY BIMINET—Very dwarf, free and early; large compact trusses of silver-rose flowers; very attractive. Dozen, $1.25; hundred, $6.00.

ETINCETANTI—A clear carmine. A clean, vigorous grower of unusual merit. Dozen, $1.50; hundred, $10.00.

SATINET—This variety is so radiant that it resembles a dainty piece of satin probably the best of all the French Hydrangeas. Color a beautiful rose. Dozen, $2.00; hundred, $12.00.

TROPHEE—The reddest red. A vigorous grower, free bloomer, of a deeper shade than Lilie Mouillere. Has been accorded the most unreserved praise of any variety grown by us. A real red and an excellent actor. Dozen, $2.00; hundred, $12.00.

HIBISCUS

Four-Inch Pot Plants

The demand for four-inch pot plants of this popular summer blooming plant has induced us to prepare a fine supply, especially for those who have been looking for center pieces for vases or boxes that are exposed to full sunshine. This plant fills the want to perfection, and as long as the supply lasts we can send fine, stocky plants at $2.00 per dozen, $12.00 per 100.

See list of varieties page 28.
OUR GRAND GARDEN DAHLIAS

Are great for cut flowers. We sell divided field roots.

Cactus Dahlias

So-called from their resemblance to Cactus flow- ers, they are perfectly hardy. The plants are long, narrow, pointed tubular and twisted petals of graded lengths, giving the flowers a striking and attractive variegated effect. Price, per dozen, $1.50; hundred, $12.00.

CHARLES CLAYTON—The strongest words of praise are not extravagant when applied to this wonderful new Cactus. It is the ideal in color, form, length of stem and general good habits, beyond which it would seem little could be hoped for. The color is a most intense crimson, so vivid as to dazzle the eyes; superb.

COUNTRESS OF LONSDALE—For perfection of bloom, erectness of stem, abundance of flower, this variety has never yet been equaled. On several of the plants we have counted over 150 perfect blooms on one plant. The color is a rich salmon-pink, tinted apricot.

FLORADORA—Deep dark, rich wine-crimson, splendidly shaped flowers on long, upright, wiry stems.

J. H. JACKSON—This is without doubt the finest dark Cactus Dahlia. Its velvety black maroon shade is very striking. Large and perfect.

KRIEMHILDE—A most popular cut flower variety. Color a brilliant pink shading to white in center.

PRINCE OF YELLOWS—One of the best canary-yellows for cutting.

REINE CAYEAUX—Brilliant Geranium-red; early and free; a great favorite.

SPRINGFIELD—A new Dahlia of our own introduction. It is identical with Countess of Lonsdale except in two essentials. It has a darker stem and the flowers instead of being salmon-pink as in Lonsdale, in Springfield are a rich amaranthine red. Its beauty cannot be described. No Dahlia blooms freer, no Dahlia is as pretty as Springfield. It lasts longer than any other Dahlia we know.

Century Dahlias

This is an entirely new race of Single Dahlias. We consider today that the new Century Dahlias occupy first place where beauty of coloring and artistic effect is desired. Owing to their immense size, lovely form, graceful carriage, combined with their purity of color, or the blendings of colors, shades and tints, they entirely outclass all other Dahlias for cut flowers. Keep each variety when cut in separate vase. $1.50 per dozen; $12.00 per hundred.

BIG CHIEF—Deep, rich velvety red shaded maroon.

FRINGED CENTURY—Intense rosy-crimson with lighter edges, fringed or cleft petals; blooms all summer; fine for cutting.

VARIEGATED LISTZ CENTURY—This, next to Gelbina, is the gayest of all Dahlias. Dark oriental red with yellow tips and markings. A superior variety.

Show and Fancy Dahlias

These are the old-fashioned Dahlias of our mother's garden. Perfect in shape and outline. Per dozen, $1.25; hundred, $8.00.

ARABELLA—Primrose-yellow, tipped and shaded old rose and lavender; very fine.

LUCY FAWCETT—Suulphur-yellow, striped and spotted crimson.

QUEEN VICTORIA—Pure canary-yellow. One of the finest bloomers. Good for cutting.

RED HUSSAR—Pure cardinal-red; fine.

SYLVIA (or Dolly)—Flowers four to six inches in diameter, measuring an inch long at the end of the petal, which is white, shaded to soft pink on the outer petals. In freedom of bloom next to the Countess of Lonsdale. A magnificent Dahlia.

W. W. RAWSON—Very large with semi-quilled petals; long upright stems; color white, delicately flushed and suffused lilac.

Dahlias Delicée.

These come next to the Cactus as a cut flower. They are also very showy in the garden, being unusually free bloomers. They are more formal in make-up than the Cactus Dahlias, but not so formal as the Show varieties, being a happy medium between the two. Price, per dozen, $1.50; per hundred, $12.00.

DELICE—Its beautiful soft yet lively color a glowing rose-pink, together with its shape, makes it one of the prettiest and most valuable of all Dahlias.

FRANK L. BASSETT—Color bright royal purple, shading to lavender-blue, and extremely early and profuse bloomer.

JACK ROSE—A magnificent flower with perfect form. Color a crimson-red with maroon shadings. Named for its counterpart among Roses, the famous "General Jack."

JEANNE CHARMET—A charming cut flower variety of a pleasing shade of delicate violet-rose on a lighter ground. A glorious flowery shade.

MADAME A. LUMIERE—Ground color white, suffused towards the ends of the petals with red, the tips pointed with bright violet-red.

MATCHLESS—Deep crimson, of large size; an early and late bloomer. This we consider one of the best ten Dahlias. Very showy in the garden.

MELODY—One of the finest, being of splendid regular form, with full high center and reflexed outer petals. Color clear canary yellow, tinging to creamy-white at the tips; an effect so delicate and pleasing as to suggest the name.

MINA BURGEO (New)—The best scarlet-red decorative Dahlia ever introduced. This wonderful Dahlia is a California introduction and is the best of its color. The form is perfect decorative type, the petals being broad and flat; it has a perfectly full center and is a Dahlia that can be grown to an immense size with ordinary treatment. It was very prominent at the Panama-Pacific International Exposition where it was grown in masses around the Horticultural building. It shows finely under artificial light and for cutting purposes is unsurpassed. We were fortunate in securing a stock of the variety, and can highly recommend it to our customers.

MRS. J. GARDNER CASSATT—A new rose-pink Dahlia that has attracted great attention. The flowers are of immense size. Said by many to be the finest of all deep pink Dahlias.

SOUVENIR DE GUSTAVE DOAZON—This is the largest of all Dahlias. A lovely shade of orange-red. A veritable giant among flowers.

WILLIAM AGNEW—Intense glistening crimson-scarlet, of large size, and gracefully recurving form. The most popular standard red.
Newer Sorts of
BEAUTIFUL CANNAS

THE PRESIDENT
A rich, glowing scarlet; flower seven inches across when open; strong, erect stalks, well above the large green foliage. The President is superior to any other red variety in the quantity and quality of bloom. From early summer till frost it is covered with its giant bloom and every visitor to our place the past season pronounced it "the best they had ever seen." Price, dozen, $1.25; hundred, $8.00.

QUEEN HELEN, or YELLOW KING HUMBERT—Immense flowers that are as large as the Orchid-flowering Cannas. Color golden-yellow, evenly and distinctly spotted red. This Canna ranks right up with King Humbert. We have no hesitation in saying there is no better Canna grown. Per dozen, $1.25; per hundred, $8.00.

METEOR—Immense trusses of large, rounded flowers, well displayed above the massive foliage; brilliant crimson. Flowers keep well and are self-cleaning. Per dozen, $1.25; per hundred, $8.00.

HUNGARIA—Trusses of enormous size borne well above its foliage; flowers very large with broad petals; color lovely delicate shade of pink; wonderfully free in bloom; height three and one-half feet. Per dozen, $1.50; per hundred, $10.00.

KING HUMBERT—Bronze foliage. Flowers as large as the Orchid-flowering Cannas. Six inches across, in trusses of gigantic size; of a brilliant orange-scarlet with bright red markings. Foliage is broad and massive, of a rich coppery-bronze; bold and effective. "King Humbert" is the one ideal Canna. Per dozen, $1.25; per hundred, $8.00.

PANAMA—An attractive rich orange-red, well-defined edge of bright golden-yellow. Flowers very large, and the immense spread of the individual blooms coupled with its early free flowering habit makes this Canna noteworthy. Per dozen, $1.25; per hundred, $8.00.

CITY OF PORTLAND—Deep salmon-pink; very neat habit, particularly as a bedder when used with other plants; height, three and one-half feet. Per dozen, $1.25; per hundred, $8.00.

Queen Helen.

STANDARD VARIETIES OF CANNAS

Price, per dozen, $1.00; per hundred, $6.50.

DUKE OF MARLBORO—One of the darkest flowered Cannas grown; rich crimson-maroon.

MEPHISTO—A brilliant deep, rich red; a wonderfully satisfying Canna.

WILLIAM BATES—A light canary-yellow; fine bloomer.

ORANGE BEDDER—Rich orange scarlet; free bloomer.

AUSTRIA—The yellow orchid flowered Canna; none better.

ALLEMANIA—A unique coloring of "old rose and yellow; an orchid variety of great beauty.
GENERAL COLLECTION OF PLANTS

All Plants from Two-and-One-Fourth-Inch Pots, Unless Otherwise Stated.

Abelia Grandiflora
This is one of the prettiest of all shrubs. Has small shiny leaves like they were glazed. Bears its bell-shaped pure white flowers in the greatest profusion all summer long; deliciously fragrant. Hardy south of Kentucky. Much sought after when it is known. We would advise our customers in the South and the Pacific states to plant this wonderful shrub for hedges. Fine plants, dozen, 75 cents; hundred, $6.00.

Acalypha Sanderii
The Chenille or Comet Plant
It is of strong, free growth, with large, dark green leaves from the axil of which rope-like spikes from one to two feet long, and nearly one inch thick, are gracefully suspended. 75 cents per dozen; $6.00 per hundred.

Aloysia Citriodora (Lemon Verbena)
This plant has the most fragrant foliage of any plant grown. The fragrance is that of the Lemon. 75 cents per dozen; $6.00 per hundred.

Antigonon Leptopus
The Loveliest of Climbing Vines—Mountain Beauty (Rosa de Montana, or Queen's Wreath.) This is really a wonderful vine. Superb, brilliant pink flowers. Especially valuable for the Southern and Pacific States. 85 cents per dozen; $6.00 per hundred.

Anthericum Picturatum
A most beautiful foliage plant that is very desirable for vase, box or basket work. Foliage is green and white; very showy. $1.00 per dozen; $7.00 per hundred.

Browallia Gigantea—Flowers intense indigo-blue. A spray of this flower resembles a bunch of Giant Violets. 60 cents per dozen; $4.50 per hundred.

Bougainvillea Sanderiana
Valuable for florists to force. Dozen, $1.00; hundred, $7.00.

Boxwood (Buxus Suffruticosa)
For edging. Dozen, $1.00; hundred, $6.00.

FLOWERING BEGONIAS

Price, two and one-quarter-inch pots, except where noted, $1.00 per dozen; $7.00 per hundred.

Begonias are fine to plant on the north side of the house or other building, or in front of porch where they get plenty of sun. The flowers are extremely ornamental, some being spotted and veined to give a parti-colored effect that is quite striking. Begonias planted with Crotons give a wonderful foliage effect, and this is heightened with their lovely showy flowers.

ALBA PICTA—Long, pointed, slender leaves, thickly spotted with silvery-white. Foliage small and elegant.

ARGENTEA GUTTATA—It has purple-bronze leaves, oblong in shape, with silvery markings, and is in every way a most beautiful Begonia. Produces white flowers in bunches on ends of growth stems. Good for house culture.

CORALLINE LUCERNE, the Grand New Ever-blooming Begonia—This is the grandest of all flowering Begonias. A strong, vigorous grower, with stiff stems and upright habit. The twin foliage is long and pointed, freely dotted with silvery-white. The flowers are borne in great clusters from 12 to 18 inches across, almost hiding the plant. The color is a beautiful, bright coral-red of a heavy waxen texture. This variety is one of the most prolific bloomers of all the large growing Begonias. Its freedom in blooming, the large, rich and showy foliage combined, make it an excellent decorative plant for the house or conservatory, and it should find its place in every collection. $2.00 per dozen; $15.00 per hundred.

MRS. PATTEN (The Red Chantelaine)—This is the freshest flowering Begonia of all. Dark rose-red flowers. Fine for florists' pot plants. Always in bloom. $1.00 per dozen; $8.00 per hundred.

PICTA ROSEA—A wonderfully free-growing Begonia of sterling worth and great beauty. The plant is very compact in growth, forming a dense, well-proportioned bush with rich green foliage, spotted with silver. The flower is a rosy-flesh color, shaded with a silver-pink and enlivened with dense clusters of yellow anthers. One of the most wonderful flowering Begonias within our knowledge. It blooms continually.

RUBRA—The most widely known and probably the best of all Begonias. This variety is usually very scarce and in great demand. We have a fine stock of it. Dozen, $1.00; hundred, $7.50.

THURSTONI—The under side of the leaves is a rich, purplish-red, the veinsings very prairie, while the face, or upper side, is a bronzy-green, shaded with crimson and olive, with a peculiar glossy metallic luster over all. Flowers rose-white, in large clusters well above the foliage. The plant has a fine habit.

Brugmansia, or Angel's Trumpet

Here is a plant for the masses. It grows easily, blooms freely, and the flower is something to be prized. The Brugmansia blooms indoors in winter and in the garden in summer. The plant has large, tropical leaves, with blooms eight inches long by six inches wide at the mouth, resembling a trumpet, hence the name, "Angel's Trumpet." Pure white in color and as fragrant as a Jasmine. Strictly a plant for tubs. $1.50 per dozen; $10.00 per hundred.
### General Collection of Plants—Continued

#### Coleus

Our stock of Coleus has never been equal to the demand, but this year we have a larger stock than any previous year, and we think we can meet the wants of our customers. The varieties range in color from light yellow to the darkest crimson, including the following standard market sorts: Acne, Admiration, Beckwith’s Gem, Chicago Bedder, Fire Brazil, I Fire Crest, Herol, Joseph’s Coat, Queen of the West, Queen Victoria, Red Cloud, Splendid Gem Verschaffeltii, Yellow Bird. Two and one-quarter inch pots, dozen, 50 cents; hundred, $3.50; thousand, $30.00.

**COLEUS TRAILING QUEEN**—This is without question the finest of all plants for boxes, baskets or vases; it droops and hangs down two feet or more, not one little vine, but a whole clump of them. The center of foliage is scarlet, then around that a chocolate border, and outer edge of a bright green. 50 cents per dozen; $3.50 per hundred.

**COLEUS TRAILING BEAUTY (New)—**The same as Trailling Queen in every respect except the color, this being green, yellow and white. Dozen, 50 cents; hundred, $3.50.

**LILLIAN DOTY**—Pure pink.

**IDA**—Best yellow.

**RED BUTTON**—

**SNOWDROP**—

#### Cyperus Alternifolius

*Cuphea Platycentra*

_Umbrella Plant_

60 cents per dozen; $4.00 per hundred.

**Cuphea Platycentra**

Or Cigar Plant.

Fine for baskets and vases. Dozen, 50 cents; hundred, $3.50.

#### CHRYSANTHEMUMS

We offer a choice selection of the very best varieties.

### Hardy Pompon “Mums”

**ATTILLA—Bronzy-red** $0 75 $5.00

**BABY**—In a class quite by itself.

Flowers like plum golden buttons

**RHODA**—Rosy-lake or red

**WESTERN BEAUTY**—Deep rose-pink; extra fine

### Euphorbia Splendens

**The Crown of Thorns**

A fine stock of this popular plant for pot use or catalogue trade. **Strong plants, two and one-half inch pots, 50 cents per dozen; $6.00 per hundred.**

### Fuchsias, or Ladies’ Eardrops

We are large growers of Fuchsias and we call especial attention to our new Dwarf Fuchsias, especially adapted for florists’ use to bloom in pots. They are dwarf branching and so free in bloom as to almost hide the plant. We offer the following varieties of Dwarf Flowering Florists’ Fuchsias. Price, except where noted, 75 cents per dozen; $3.50 per hundred.

**ERNEST RENAN**—White sepals, reddish-blue corolla.

**LITTLE BEAUTY**—Red sepals, sky-blue corolla, very free. $1.00 per dozen; $7.00 per hundred.

**LORD BYRON**—Red sepals, corolla of the richest royal purple. $1.00 per dozen; $7.00 per hundred.

**TENOR**—Red sepals, double purple corolla.

### Standard Varieties of Fuchsias

**BLACK PRINCE**—This is without question the very finest single Fuchsia grown for the amateur to cultivate. It makes a shapely bush, is robust in growth, free from disease and insects, and is probably the freest in blooming. Blossoms of a beautiful waxy-carmine or pink color. Certainly a plant of easy culture.

**MADAME VAN DER STRASS**—This is the best of the double white-corolla Fuchsias.

**SPECIOSA**—Well known variety, producing large flowers two inches in length, tubes and sepals of which are bluish, the corolla crimson. Some plants of this variety grown in eight or nine-inch pots will produce from 300 to 500 flowers from December to May.

### Price of the above three Standard Fuchsias

60 cents per dozen; $4.50 per hundred.
GENERAL COLLECTION OF PLANTS—Continued.

Chinese Hibiscus
Two and one-quarter inch pots, 75 cents per dozen; $5.50 per hundred; 4 inches, $12.00 per 100.

AURANTIACUS—Large and double, with orange-colored flowers.

CARMINIATUS PERFECTUS—Full, round flowers of perfect shape and of a rich, soft, carmine-rose, with a deep crimson eye; fully six inches in diameter. Have five thousand.

DOUBLE CRIMSON—Flowers of the richest, crimson; combined with glossy foliage.

GRANDIFLORUS—Rich, glossy cut-leaved foliage, literally covering the plant with scarlet-crimson flowers.

SUB-VIOlaceous—Flowers of enormous size, beautiful crimson, tinted with violet. Probably the largest flower of the Hibiscus family, and an unusually free bloomer.

SINENSIS—Small, Gigantea—Its flowers are of enormous size, often eight to ten inches across, opening flat, and are of such vivid crimson-scarlet color that they can be seen from a long distance like a flaming torch.

VERSICOLOR—A variety combining in its flowers all the colors of the whole family, being handsomely striped crimson, buff, rose and white. Flowers eight inches in diameter.

New Pink Hibiscus, Peachblow
This is a sport from the Double Red Hibiscus Rosea acumina. The flowers are double and from four to five inches in diameter, of a charming rich, clear pink color, with small, deep crimson center. It is one of the most interesting flowering plant novelties recently offered. The color is an entirely new and beautiful shade, and it blooms abundantly and continuously during the summer and fall months. Large plants two and three years old make a magnificent show. It will give general satisfaction to those who grow it, either in pots or planted out in the garden. It blooms well in winter in greenhouses or in any sunny window. $1.00 dozen; $7.00 hundred.

New Scarlet Single Hibiscus, “Weddingii”
Scarlet color, with edge of petals ruffled. The tree when in full bloom is completely covered with flowers. Two and one-half inch pots, 50 cents per dozen; $6.50 per hundred.

Impatiens
60 cents per dozen; $5.00 per hundred.

SULTANI—This makes a very shapely plant, and is brought continuously the year round, outdoors or indoors, even in the small plants three or four inches high. The bloom is a bright red, and continues so profusely as to almost cover the entire plant; very desirable.

PINK BEAUTY—Same as above, except salmon-flowered, of smaller size. $3.50 dozen; $20.00 per thousand.

HOLSTI—Brilliant vermillion; fine.

WHITE LADY—Beautiful white with lavender tint.

Lantanas
Except where noted, 75 cents per dozen; $5.50 per hundred; $50.00 per thousand.

ALBA JERFECTA—Pure white.

COWTE DE BIENCOUJR—Pure pink.

HARRINGTON’S PERFECTION—Variegated pink, red and yellow.

JAC0% SCHULTZ, The Grand Old Lantana—Almost forgotten, but for three years we have been working on a stock with one plant as a starter. The best oxblood-red in existence. Comes in a yellowish-orange and turns to the most intense red. Always scarce. Have five thousand of this sort.

60 cents per dozen; $6.00 per hundred.

LEO DEX—Variegated red and orange.

M. SCHMIDT—Red, orange and yellow. Probably more of this variety is used than any other; it is a superior sort.

JACO’S D’OR—Variegated rose yellow and rose.

VERSICOLOR—Variegated red-orange-pink.

Dwarf Lantana, Tethys
Try our Dwarf Lantana “Tethys.” It is fine for bordering beds, a splendid lemon-yellow. The most beautiful of all Lantanas. $1.00 per dozen; $7.00 per hundred.

Weeping Lantanas
A Drooping Plant of Great Beauty.
One of the grandest basket plants grown. The plant has a most graceful, drooping habit, grows very rapidly and blooms continually summer and winter, producing large clusters of the most delicate lilac and rosy-pink, 75 cents per dozen; $5.50 per hundred; $50.00 per thousand.

Ponderosa Lemon.

The Wonderful Lemon Ponderosa
A Fine Pot Plant for Florists’ Sales.
Nothing that has ever been brought to our notice in the plant line has caused half the commotion that this wonderful Lemon has. It is the true ever-bearing variety. On a plant six feet high no less than eighty-nine of the ponderous Lemons were growing at one time. Fruit has been taken from this tree weighing over four pounds. The Lemons have very thin rind for such large fruit. It is the juiciest of all Lemons, makes delicious lemonade, and for culinary purposes cannot be excelled. No budding or grafting necessary. It fruits when quite small, and makes a lovely house plant. Two and one-fourth inch pots, $1.00 per dozen; $7.00 per hundred. Four-inch pots, 12 to 18 inches, 40 cents each; $4.00 per dozen.

Nierembergia Azurea (Blue Flax)
Much sought after by Florists who have a window box and vase trade. The slender, graceful plant is covered with its pale lavender flowers throughout the summer. Price, two and one-fourth inch, 90 cents per dozen; $4.50 per 100.

Otahite Orange
As a pot plant this lovely dwarf Orange is one of the most novel and beautiful that can be grown. With a couple of plants of it you can have an abundance of the far-famed delicate and fragrant Orange blossoms, and we recommend it to our friends as a novelty of sterling worth and merit. $1.00 per dozen; $7.00 per hundred. Four-inch pots, 40 cents each; $4.00 per dozen; $30.00 per hundred.
GENERAL COLLECTION OF PLANTS—Concluded

Parlor Ivy
A rapid-growing plant, well adapted for trailing. Leaves glossy green and flowers yellow, in clusters. Price, 60 cents per dozen; $4.00 per 100.

Pilea
(Artillery Plant.) It is very desirable for filling in hanging baskets, window boxes, vases, etc. It also makes a graceful plant as a single specimen. Price, 60 cents per dozen; $4.00 per 100.

New Ever-Blooming Baby Primrose
"Malacoides."
This is the freest blooming plant we know of, blooming continuously during the entire season. Plants in very small pots have from fifteen to twenty sprays of beautiful light pink flowers on stems ten to twelve inches high at one time. Price, 75 cents per dozen; $5.00 per hundred.

Primula Obconica Grandiflora
Always in bloom. White flowering. $1.00 per dozen; $6.00 per hundred.

Saxifraga Sarmentosa
A handsome plant of low habit, leaves nearly round and striped freely with silver bands, blooms white, of great beauty and borne in spikes nearly twelve inches high. Fine for hanging baskets, vases, etc. 60 cents per dozen; $4.00 per hundred.

Sanseviera Zeylanica (Zebra Plant)
A beautiful plant, specially adapted for the decoration of drawing room and halls, as it stands dust and drouth with impunity and requires scarcely any water. The leaves are beautifully striped crosswise with broad white variegations on a green ground. Price $1.00 per dozen; $7.00 per hundred.

Vinca Major Variegata
Two and one-half inch pots, 60 cents per dozen; $5.00 per hundred. Three-inch field plants, $1.00 per dozen; $6.00 per hundred.

TENDER BULBS

Amaryllis
Good & Reese American Hybrids. Grown from seed produced by crossing the finest named varieties obtained from the most noted specialists, and we believe the resulting strain here offered to be superior in size, vigor and coloring to anything yet offered. The flowers exhibited at shows made other Hybrids from the crack growers look very insignificant. Strong bulbs, 25 cents each; $3.00 per dozen; $20.00 per hundred.

New Godfrey Calla Lily, "Devoniensis"
Undoubtedly the finest thing ever sent out in the Calla line, and quite indispensable. Blooms all winter. Compared with the ordinary Calla, it gives three blooms to one; is snow-white and perfect in form. Blooms on very small plants, though it attains to a very large size with very large flowers. The new Godfrey Calla Devoniensis is a wonder. Two and one-quarter inch pots, $1.00 per dozen; $7.00 per hundred. Three-inch pots, $2.00 per dozen; $10.00 per hundred.

Calla Ethiopica
We wish to call special attention to our Calla Ethiopica. They are the strongest and best we have ever handled. All blooming bulbs. Strong bulbs, $1.25 per dozen; $8.00 per hundred. Larger bulbs, $2.00 per dozen; $12.00 per hundred.

Tradescantia Tricolor
The highest colored of all the Wandering Jews. 50 cents per dozen; $3.50 per hundred.

Ruellia Mokoyana
Charming indoor plant for culture in pots or may be used in vases and baskets; of bushy spreading habit and finely marked leaves, which are beautiful olive-green, delicately veined with silver and rich purple underneath. Flowers are exceedingly beautiful, trumpet-shaped, and of a rosy-pink color, almost covering the plant in their great profusion. 75c dozen; $5.00 hundred.

Calla Elliotiana
The Golden Yellow Calla. Sure to bloom. Fine bulbs, $3.50 per dozen.

Milk and Wine Lily
Or Crinum Fimbriatum.
A grand sort. The most beautiful of the Crinums. Its bulbs grow large, and its strong growing foliage is erect and sword-shaped. Flowers in umbels, very large and showy, three to four inches in diameter, striped with white and carmine, and very fragrant. Hardly in the South. Price, fine blooming bulbs, $2.00 per dozen; $12.00 per hundred.

The White Japanese Spider Lily
The florets are disposed in rays and resemble an immense spider of large size; pure white and deliciously fragrant. This is a most desirable flower. 25 cents each; $2.75 per dozen.
HARDY CLIMBERS

Ampelopsis Veitchii
(The Boston Ivy)
Clings firmly to any wall, building or tree. Green leaves in summer, changing to red in the fall. $1.00 dozen; $5.00 per 100.

Clematis Paniculata
Japanese Virgin's Bower.
One of the most beautiful of our hardy flowering vines. The flowers are pure white, and are borne in large panicles or clusters of bloom, fairly covering the plant, so that it is a mass or sheet of fleecy-white. Price, two and one-quarter inch pots, 75 cents per dozen, $4.00 per hundred. One-year field-grown, $8.00 per 100.

Honeysuckles
Price, 75 cents per dozen; $5.00 per hundred.

HALL'S JAPAN—The most constant bloomer of the class, being literally covered all summer with beautiful yellow and white flowers.

CHINESE EVERGREEN—An old favorite Honeysuckle.

AUREA RETICULATA—Golden-leaved Honeysuckle.

The Wonderful Japanese Kudzu Vine
This is the most rapid-growing vine that anyone knows of. By measurement it has been known to grow twenty feet in a week. The foliage is large and tropical. It is entirely hardy. Everyone has trouble in getting nursery grown plants of this to grow. We have prepared and offer pot-grown plants, the kind that has the crown to the plant the ball of earth to the roots, and you try to stop them from growing and see if you don't run into a snag. Two and one-quarter inch pots, $1.50 per dozen; $8.00 per hundred.

Hardy English Ivy
Evergreen with dark, glossy green leaves. Price, 2¼ inch pots, $1.00 per dozen; $7.00 per 100.

Chinese Cinnamon Vine
Its rapid growth, abundant foliage and modest, sweet-scented flowers give it supremacy over all foreign and domestic climbers. 50 cents per dozen; $4.00 per hundred.

Wistaria
Young plants, $1.00 per dozen; $7.00 per hundred.

HARDY PLANTS FOR THE BORDER

Achillea, Ball of Snow
A favorite hardy perennial well worth growing, giving throughout the summer an abundance of small double pure white flowers in loose bunches; much prized for cutting. Height two feet. Pot grown. Dozen, 75 cents; hundred, $5.00.

Long Spurred Aquilegia (Columbine)
These are among the most beautiful of spring and early summer flowers. They are very effective in the border and are much appreciated. Our seed is from a famous Scotch grower. Height two to three feet. Dozen, $1.00; hundred, $8.00.

CAMPANULA MEDIA (Canterbury Bells)—The old fashioned sort with beautiful large bell-shaped flowers; mixed colors in light and dark blue, rose and white. Height 2 to 3 feet. Field grown. Dozen, 75 cents; hundred, $5.00.

The Ever-blooming Butterfly Bush
Buddleya Variabilis Magnifica.
This shrub from a young plant, set out either in the spring or fall, will mature to full size the first summer, producing a handsome bush, which the first year often maintains a height of four feet. It produces long, graceful stems, which terminate in tapering panicles of beautiful lilac-colored flowers that are of miniature size and borne by the hundreds on a flower head which is frequently ten inches long. It has been called the “Summer Lilac.” We recommend covering the roots with manure, leaves or other suitable materials as winter approaches, as this will produce a heavy growth the following season. Pot grown. Dozen, 75 cents; hundred, $6.00.

Coreopsis Lanceolata Grandiflora
This is one of the finest of hardy plants, with large showy bright yellow flowers, produced in the greatest abundance from June until frost. As a cut flower they stand very near the head. Have long stems and last a long time. Height 3 feet. Pot grown. Dozen, 75 cents; hundred, $5.00.

New Giant Daisy Alaska
The pure white flowers are three to four inches in diameter. Some have long narrow twisted petals, while others are broad and flat. They bloom the entire season. Price, 2¼ inch pots, $1.00 dozen; $8.00 per 100.

Daisy King Edward
Much like the Alaska except of a larger size and a few more petals. Grand, $1.00 per dozen; $6.00 per hundred.

**Remarks**
HARDDY PLANTS FOR THE BORDER—Concluded

Digitalis (Fox Glove)

Handsome and highly ornamental hardy plants of stately growth and give a wealth of bloom. Height three to four feet. **Dozen, 75 cents; hundred, $5.00.**

Delphinium or Larkspur

Too much cannot be said in favor of this beautiful perennial. No danger of losing them after shipment as ours are all pot grown. Indispensable to the herbaceous garden, their long, showy spikes of flowers persist from June till frost and furnish the most satisfactory blues to any color scheme.

**BELLA DONNA**—Pure sky-blue; white bee; fine for cutting. **Dozen, $1.00; hundred, $7.00.**

**FORMOSUM**—A lovely celestial blue. **Dozen, $1.00; hundred, $7.00.**

Eulalias

The Eulalias planted singly on lawns where the soil is deep and rich take care of themselves and grow rapidly into large specimens. Height with plume 6 feet. **Dozen, $1.00; hundred, $7.00.**

**EULALIA GRACILLIMA UNIVITATA (Japan Bush)**—Of graceful habit; very narrow foliage of a bright green color with a silvery midrib.

**EULALIA JAPONICA VARIEGATA**—Very ornamental; long narrow leaves striped green and white.

**EULALIA JAPONICA ZEBRINA (Zebra Grass)**—The long blades of this variety are marked with broad yellow bands across the leaf. It makes an attractive specimen plant for the lawn.

Gaillardia Grandiflora

**(Blanket Flower.)**

One of the showiest hardy plants, growing about two feet high and succeeding in any soil in a sunny position; beginning to flower in June, they continue the entire season. The large flowers are of gorgeous coloring. The center is dark-red brown, while the petals are marked with rings of brilliant crimson, orange and vermilion, and often a combination of all in one flower; excellent for cutting. **Dozen, 75 cents; hundred, $5.00.**

Hemerocallis Flava

**(Yellow Day Lily)**

This is the best known variety and should always be included in the border of old fashioned flowers. Deep lemon-yellow flowers in June and July; fragrant. **Field grown plants dozen, 75 cents; hundred, $5.00.**

Hardy Scotch, or Sweet May Pinks

These are the pinks of our mothers’ gardens. Four varieties: Abbottsford, Essex Witch, Laura Wilmer and the famous pure white flowering variety, Her Majesty. Pot grown. **Dozen, 75 cents; hundred, $5.00.**

Platycodon Grandiflorum

**(Balloon Flower or Japanese Bellflower)**

These are the most satisfactory of any plant we offer for the hardy border. They bloom for a month, commencing about July 10th; have large blue bell-shaped blooms in the greatest profusion. Pot grown. **Dozen, 75 cents; hundred, $5.00.**

Rudbekia Laciniata

**(Golden Glow)**

HARDY SHRUBBERY

Althea or Rose of Sharon

Also known as the Hollyhock shrub, belongs to the Mallow family. These are the most beautiful shrubs we have in our collection. The flowers are of large size, very double and full of various brilliant and striking colors. They bloom freely during August and September, when scarcely any other shrub is in bloom. We offer nine of the very choicest varieties as follows:

ANEMONIFLORA—Largest of all Althea bloom; double; wine-red.

BOULE DE FEU, OR Ball of Fire—Double red.

COELESTE—Single sky-blue; extremely showy.

JEANNE D’ARC—Double snow-white.

MONSTROSA—Semi-double white; red center.

PAEONIFLORUS—Double pink.

RUBUS—Single red; a striking variety.

VIOLET CLARE—Double violet; very popular.

SNOWDRIFT (Totus Albus)—Single pure white.

Single stem, $2.50 per dozen; $18.00 per hundred. Branched, $3.50 per dozen; $30.00 per hundred.

Buxus or Box

See page 28.

Calycanthus

Or Sweet Scented Shrub, 12 to 18-inch, dozen, $3.00; hundred, $22.50; 2 to 3 feet, $5.00 per dozen.
